HAPPY NEW YEAR — HAPPY NEW YEAR — HAPPY NEW YEAR

Reeve Tom Deline and Councillor Gord Crawford relish the new village signs posted at the north and south ends of Madoc Village. When asked what their

New Year's resolutions were, both responded saying to keep doing what they've been doing. 1989's lookin' fine.

by Janice Pinke

Did you make the headlines in 1988?

by Janice Pinke

JANUARY '88

Warm weather forced the cancellation of the cross country and snowmobile events at the 11th annual Cooper Winter Carnival held January 29th to the 31st.

FEBRUARY '88

The Big Brothers organization bowled for millions. Doug Pigden, a long time resident of Madoc passed away February 7th, after a lengthy illness. Sadly missed. Cathy Perry, Editor of the Madoc Review, resigns from her position with this paper February 17th.

Nineteen people are awarded for the outstanding contributions in their community towards the Olympic Winter Games.

MARCH '88

Ross Palmateer of Palmateer's Sugar Bush says that this was one of the worst years in history as far as maple syrup production went.

APRIL '88

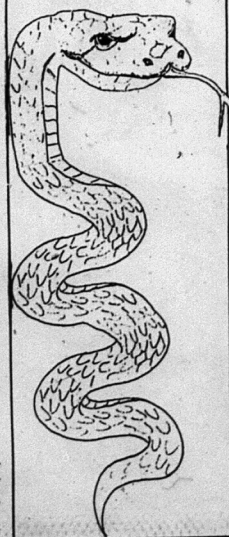

A Scarborough woman goes missing while out on an ATV. She's found 18 hours later in good condition.

The students & staff of Madoc Public School construct a prehistoric dinosaur for display in the school's foyer. Belleville OPP hold press conference launching a year-round RIDE program in effect throughout Ontario. Wilson's of Madoc need more room, thus, opening a second store on Durham Street. I. Janice Pinke, take on the position of Editor with the Madoc Review.

MAY '88

A former resident of Madoc and a recipient of the Victoria Cross for his efforts at Dieppe, Lt. Col. Rev. John Weir Foote passes away. Madoc's Crystal Beach Resort is saved as members vote to buy shares. A Bancroft bound helicopter crashes; the victim, Kimberly Campbell, 26, of Enterprise, Ontario.

Madoc resident wins \$1000 shopping spree at IGA

A Canada wide contest hosted by the IGA chain named Shirley Reid of RR4 Madoc as one of their winners. Shirley submitted 3 entries found throughout IGA stores. The prize, a 10 minute or \$1000 shopping spree in her local IGA store.

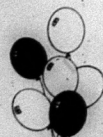

Shirley's bill totalled \$999.71 with some products having to be returned to their shelf origin as enthusiastic Shirley collected more than a \$1000 worth of goods during her allotted 10 minutes.

Shirley Reid's brother-in-law was on hand for the event December 20th, videotaping it for future family pleasure. Shirley says she always enters the contests hosted by the IGA chain, usually submitting about 15 or 20 entries. For this contest Shirley only submitted 3.

Called the Savour the Flavour contest and sponsored by General Mills, 20 \$1000 shopping spree winners were picked from across Canada. Shirley says she had prepared a mental shopping list but by the time her ten minute count-

down had begun she had forgotten most of it. Madoc's IGA staff were on hand for Shirley's across-aisle event at 8 a.m. that Tuesday morning. "The Madoc IGA staff were just great," says Shirley. Two members of the IGA staff accompanied Shirley home to help her unload her take home spree.

"You have to enter to win," said the winner. According to contest rules only 50 per cent of Shirley's take could be meat. Christmas came early for Shirley.

Happy Birthday Betty. May you always keep your unit in health.

OPP Reports

MADOC

Twenty-four year old Thomas John Hughes of Peterborough was charged with exceeding 80 mgs on Dec. 17/88. Hughes was stopped in the Madoc area as a result of the R.I.D.E. Program. He is to appear in Belleville Provincial Court on Jan. 26/89.

Madoc OPP are investigating a Break and Enter to a cottage on Stoco Lake. Louise M. Angus of Scarborough, Ont. reported that her cottage at Cozy Cove was entered sometime between the 15 and 18 of December/88. The break-in is currently under investigation by Const. Ralph Crozier.

KALADAR

During the period of December 18th to 29th, 1988, members of Kaladar Detachment investigated 30 general occurrences and 12 motor vehicle collisions.

General occurrences included domestic assaults, impaired driving, 12-hour driver licence suspensions for drinking and driving, as well as a number of minor traffic problems.

On December 18, 1988, a report of break, enter and theft to a cottage on Highway 41 in Kaladar was investigated by Provincial Constable W. Deroos. The cottage is owned by Lawrence F. Page of Mount Bryden, Ontario.

Approximately \$5000 worth of property was stolen and included a 22 calibre Ruger rifle, 5000 watt Honda generator model EM5000 SX, 650 watt Honda generator model EM650, T222 Mariner electric outboard motor, Pioneer Partner chainsaw, 14" Pulsar color TV, 4" Black and Decker angle

grinder along with numerous other Black and Decker power tools and other small items.

On December 19, 1988, a second break-in at a storage shed, owned by Joseph Mordush of London, was investigated by Prov. Const. W. Deroos. Stolen was a radio cassette player with two speakers, one 1/2-inch socket wrench set, one 3/8-inch drive socket wrench set, other small tools and a Shakespeare electric outboard motor.

Traffic

On December 18, 1988, at 12 noon, a single-car collision on a Denbigh Township road occurred when Beth M. Munro of Belleville lost control of her 1987 Chevrolet. The road surface was snow covered and slippery and the vehicle slid into a fence on the west side of the roadway. Damage to the vehicle was moderate and there were no injuries.

On December 18, 1988, a minor snow vehicle collision resulted in minimal injuries to the driver and light damage to the snow vehicle. Charles P. LeBlanc of Flinton struck a piece of abandoned wire fence with the snow vehicle. Prov. Const. D.L. MacKinlay investigated.

On December 20, 1988, a tractor trailer unit, driven by David W. Hutton of Listowel, Ontario, was proceeding north on Highway 41, at Denbigh, when the unit started to slide on the icy road. The unit went out of control sliding into the east ditch where it struck a fence and trees. Damage to the unit was moderate and the driver was not hurt. Prov. Const. W. Deroos investigated the collision.

WANT TO APPEAL YOUR ASSESSMENT?

You still have time to appeal your 1988 assessment if you feel your home or business property has been improperly assessed. Your assessment is important because the amount of property tax you will pay in 1989 depends on it. The assessed value of your property is multiplied by the municipal and school mill rates to determine your property taxes.

Notices of Property Valuation were mailed to property owners and tenants whose assessments have changed since last year. Open house information sessions were held in your area to give you the opportunity to ask questions and correct any errors.

The Assessment Roll was delivered to your municipality on December 20, 1988 and will be used to calculate the taxes you will pay in 1989. You can review the Roll at your municipal office during regular business hours. If you believe your property has been improperly assessed and you have not yet registered an appeal, you still have until January 10, 1989 to mail or deliver your appeal to the Assessment Review Board. **And remember, even if you did not receive a Notice of Property Valuation, you still have the right to appeal.**

Appeal deadline — January 10, 1989

The Assessment Review Board is an independent tribunal under the jurisdiction of the Ontario Ministry of the Attorney General. It is intended to provide you with an additional opportunity to have your assessment reviewed if, in your opinion, it is not fair and equitable with the assessment of similar properties in your area. The Review Board is more informal and relaxed than a regular court of law. You may present your own case, retain a lawyer, or ask a relative or friend to speak as your agent.

To help you in filing your appeal, Notice of Appeal forms are available from the Assessment Review Board, your Regional Assessment Office, or your municipal office. You can also use the reverse side of a Notice of Property Valuation, or write a letter giving the property address and roll number along with your reasons for appealing. Appeals should be forwarded to the Regional Registrar of the Assessment Review Board at the address shown below.

If you appealed your previous assessment, it will be necessary to lodge an appeal against your assessment with the Assessment Review Board each year, if the appeal against your previous assessment has not yet been settled, or your 1988 Notice of Property Valuation does not reflect the most recent decision of the Board.

In those parts of Ontario designated for French Language Services, you can appear before a bilingual (English/French) Appeal Board. Please check the space provided on your appeal form if you wish to use this service.

News from...

Madoc Minor Hockey

BANTAMS ON A ROLL
With three wins in a row, the Madoc Bantams have taken their record to 6W - 4L and 1T

in season play. In the last two games they have posted a 5-3 win over Stirling and a 9-2 win over Brighton.

The Stirling game was a come from behind effort as Stirling scored two goals 15 seconds apart in the first and it

wasn't until midway in the second that Troy Trotter (first of the year) put Madoc on the board, he was assisted by Brad Phillips and Tim Bailey. Brad Phillips netted an unassisted goal early in the third to tie the score. This lead soon disappeared but Madoc proved equal to the task, as they replaced with three of their own. These were counted by Clayton Curl from Mike Goulah; Brad Phillips from Tom Burnside and Pat Mahoney and Tom Burnside from Pat Mahoney.

In Brighton, on Wednesday, Madoc scored only a minute and a half into the game and never looked back, scoring five times before Brighton and four times after their two goals. Tim Bailey opened the scoring, assisted by Joe Kehoe. Joe had two goals in the contest as well as another assist. Also scoring twice was Charlie Brownson and Wes Cromwell. This was Wes' first game of the year and he played an extremely strong game. Adding single markers were Jaimee McCann and Brad Phillips. In the assist department were Brad (2), Brad Binch (1) and Pat Mahoney with 2.

The Bantams have played very good hockey of late with credit going to each and every player. Their next home game will be on Monday Jan. 2, 1989 at 8 p.m.

Jose McNeil and Brian Phillips. Scoring the next two goals was Brian Phillips with Sean Smith the other. Finishing the scoring was Jose McNeil, with Sean Smith and Mike Blackburn assisting. This brings the Atoms record to 3W - 5L and 1T. The Atoms play home games on Saturday at 12 noon.

MIDGETS POST

4 POINTS IN

LAST 5 GAMES

In their last five games the Midgets have recorded two victories. All the games except one were decided by single goals, they now stand at 7W - 6L and 1T, in their fourteen games scores were 3-2 in favour of Ennismore. In this game Madoc scored twice in the first on goals by Jason Bailey unassisted and Deryk McNevin, from Jeff Sawkins and Dean Brownson. Ennismore tied the score at the end of the second and added one midway in the third to clinch the victory.

Madoc 4, Stirling 3. It was a pair of goals 13 seconds apart, late in the third which earned Madoc this 4-3 victory. Scoring for Madoc were Jason Bailey, Dean Brownson, Drew Allenby and Jeff Sawkins. Assistants went to the above plus Kert Rosnuk, Jim Bonter and Tom Deline.

Campbellford scored twice early in the game and held this until late in the third when Madoc's lone goal came off the stick of Dean Brownson from Drew Allenby. Final score Campbellford 2 - Madoc 1.

Back to back games with Marmora saw the teams split decisions with a 5-4 victory for Marmora and a 3-1 for Madoc. In the first game Jason Bailey scored a pair with singles going to Dale Sager and Ian Richardson. Assisting were Ian Richardson, Paul McMaster, Rob Bronson, Jeff Sawkins, Drew Allenby and Dean Brownson.

In the second game it was Rod Forbes from Deryk McNevin and Jim Bonter from Dan Beals. After Marmora scored to make it 2-1, they pulled their goalie in favour of an extra attacker and Kert Rosnuk scored an unassisted an insurance marker.

The Midgets are playing home games on Mondays at 8 p.m. and would like to see their fans there.

Women's Institute

Roll call, "Name an Important Lady in Politics", was answered by 10 members. The minutes were read.

Thank-you notes were received from two CHSS boys (Jeff Sills and Eric Littlemann), who received awards at the Commencement.

Moved by Lillian Wallace and Hilda Bray, that bills be paid. Collection and birthday monies were collected.

Citizenship and Legislation Convener, Olive Cooke, conducted some Christmas songs, with Hilda Bray at the piano. Olive gave a reading, "Preparing for Christmas".

Slides, "Winter Beauty" were presented by Olive. The slides were from the library of Alton Cooke and were much enjoyed by everyone. Two contests were conducted with Hilda Bray and Iphis Miller the winners and presented with prizes.

Lunch and a social hour were enjoyed by all.

The December meeting of the Ivanhoe Women's Institute (WI) was held at the home of Mrs. John Wallace. Amid the beautiful Christmas decorations, President Mary Sills presided over the singing of the Ode and repeating the Collect. Mary read a poem, "The Day After Christmas".

The 12th annual Cooper Winter Carnival begins January 26th

by Janice Pinke

This year's Cooper Winter Carnival (January 26-29) promises to provide a lot of fun, but Mother Nature wasn't so kind to the tiny Village of Cooper last year.

At this time a year ago a lack of snowfall forced the cancellation of the ski and snowmobile runs. In past years these two events drew large numbers of both participants and onlookers.

Unless an unlikely heat wave hits Cooper; last year's 'run' prizes will again be up for grabs.

ANYONE

CAN WIN

Anyone can win the Ski Poker

Run (Saturday, Jan. 28th, 9 a.m.) or the Snowmobile Poker Run (Sunday, Jan. 29th, 9 a.m.). Participants collect poker cards at 5 designated stops throughout the 2 runs - the best hand wins. So you don't have to be the fastest or the first one to finish, you just have to hang on to those cards.

SHOW OFF

YOUR

TALENTS

Another highlight at the Cooper Winter Carnival is the 'Variety Show' featuring local and imported talent. There are two shows 'Variety' night (Saturday, Jan. 28th) at 7 and 9 p.m. Mrs. Jean Bailey, organizer of

this year's talent showcase, says that "anyone who wants to enter should call me before January 14th". There are no prizes awarded says Jean, "it's just for fun". Mrs. Bailey can be reached by dialing 473-4641.

IT OPENS

A roast beef supper on the Thursday evening is the launch to carnival events, followed Saturday evening with a dance beginning at 9 p.m. at the Madoc Township Rec Hall located 6 miles north of Madoc on Hwy. 62.

Read the Madoc Review in the coming weeks for more Cooper Winter Carnival happenings. See you there.

Norwood Atom A's take tourney

Warkworth - The Norwood Lakeway Atom 'A's' came away with the A Championship at the Warkworth Atom Tournament held on Wednesday, December 28.

Game one

In the first game Norwood defeated Warkworth by a 5-2 score. Ryan Sedgwick fired in two goals for the Norwood side while Jon Quinlan, Clayton Heffernan and Shane Maddison followed suit with singles.

Game two

Game two was more hotly contested with Norwood finally prevailing 6-3 over Baltimore. Clayton Heffernan had the Mario Lemieux touch in this game coming away with a hat trick. Ryan Sedgwick added two more goals and Adam Irving netted a single.

"Barn burning" final

The final against Port Hope was a barn burner!

Port Hope took an early one goal lead but Norwood fought back with two goals from swift Shane Maddison and another by Jon Quinlan to take a 3-1 lead.

Port Hope struck back with three consecutive goals to regain their one-goal advantage and with 4:11 left to play Norwood found themselves on the ropes once again.

Greg Rutherford, normally a defenceman, was moved to forward and within 14 seconds made the tactical move pay off tying the game at 4-4. With 1:22 left to play in the final, Ryan Sedgwick dug down deep and went for one more romp through the Port Hope defence.

Norwood now led 5-4.

Norwood goalie, Luke Campbell, came up big in the dying seconds of the game as Port Hope, with their goalie on the bench, fought desperately for the tying goal.

Norwood hung tough to take a 5-4 'A' championship victory.

Captain Ryan Sedgwick collected the 'A' trophy and then led his team to a victory lap around the arena.

Afterthoughts

Norwood's Atom players welcome in the New Year in a truly entertaining way this Friday night at the Brethen Coliseum. The A's play host to the B's in a 7 pm matchup. Both squads are in action again on Sunday, Jan. 8 - the A's drive down to Warsaw for a 6 pm game while the B's host highway 45 rival Hastings starting at 5:30 pm. Who would believe it, but the A's get to host Havelock on Friday the 13th while the B's travel down the Warkworth that same night. It will be time to put superstitions to rest!

Oshawa man rescues family from burning car

by Janice Pinke

Christian Marech, 44, of Oshawa, travelling westbound on Hwy. 7 Tuesday, December 27th at approximately 5:25 p.m., saw the car ahead of him lose control, spinning, and ending up in the south ditch where it rolled onto its side. Christian Marech is, according to OPP reports, credited

with saving the occupants of the car from apparent doom. As Christian approached the car which was now in the ditch, he saw fire coming from the front of the car. OPP reports say that Mr. Marech then stopped his car, ran to the burning vehicle and breaking the driver's window pulled the cars occupants to safety. Safe and sustaining no injuries

is the car's driver Mrs. Jyoti Singh, 29, her husband and their two children ages 11 months and 3 years.

The Madoc Township Fire Department attended to the car but by that time the car was engulfed in flames and identified as a total right off.

MERRY CHRISTMAS.

Telemarketing travel fraud...buyer beware!

Consumers are to be warned that they should never give out their credit card number over the telephone to a salesperson or any other caller.

In the past months, thousands of consumers have been defrauded after replying to post cards and phone calls from the U.S. offering bargain-priced travel packages.

Any consumer who provides a credit card number to these fraudulent travel promoters cannot be protected by Canadian law. Past experience has shown that consumers who give out their numbers will probably lose their entire investment and may also suffer additional unauthorized charges on their credit card accounts.

Fraud scams take many forms. Increasingly common is one that involves travel clubs based in the U.S. A consumer pays a membership fee from \$50 to \$400 to receive a travel package that includes round trip air transportation for one person and lodging for two people for a week. The catch? You must purchase a high priced, round trip ticket for the second person from the fraudulent operation. You may

wind up paying two or three times what it would cost if you purchased your own tickets in advance through an airline or through a reputable travel agency.

Another common scam begins with a post card stating that you have been specifically selected to receive a free trip. The post card instructs you to call a phone number for details about your trip. Once you call, you are told that you must join the travel club to be eligible for the free trip. Sometimes a credit card number is requested so that your account can be billed for the membership fee. Only after you join are you sent the vacation package with instructions on requesting reservations for your pre-paid trip. Usually, your reservation request must be accompanied by yet another fee. The catch here? New charges are being added with each step along the way. And you never get your free trip because your reservations are not confirmed or you must comply with hard-to-meet, hidden and expensive conditions.

Telemarketing travel scams usually originate out of boiler

rooms". Skilled salespeople, often with years of experience selling dubious products and services over the phone, pitch travel packages that sound legitimate, but often are not. These pitches have common characteristics:

- * oral misrepresentations. Whatever the scheme might be, salespeople are likely to promise you a deal they cannot deliver.

- * high pressure, time pressure tactics. Scam operators are likely to tell you that they need your commitment right away, or that the offer won't be available tomorrow.

- * affordable offers. Travel scam operators usually pitch their offers in the \$50 to \$400 range. Because this amount is usually at the low end of the range of vacation packages, the scheme may appear to be a reasonable offer.

- * contradictory follow-up material.

HOW TO PROTECT YOURSELF

No one wants unpleasant surprises on a vacation. Therefore it pays to thoroughly investigate a travel package before you commit to a

purchase.

- * Do not give your credit card number over the phone.

- * Be wary of great deals. Nothing is free. If it sounds too good to be true, then it is.

- * Do not be pressured into buying immediately.

- * If in doubt...say NO.

- * Ask detailed questions. Find out exactly what the price covers. Find out exact dates and times. Ask about cancellation policies and refunds.

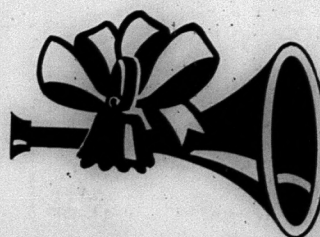

- * Get all the information in

writing before you agree to buy.

- * Check out the company. Do NOT send money by messenger or overnight mail. Instead of asking for a credit card number, some scam operators may ask you to send a cheque or money order right away...and even offer to send the messenger to you to pick it up.

- * Remember that it is to your benefit to always use your credit card wisely.

FROM ALL OF US AT

Happy
New
Year
to
All

CEMBAL PUBLICATIONS

1. Speak to people. There is nothing so nice as a cheerful word of greeting.
2. Smile at people. It takes 27 muscles to frown, and only 14 to smile.
3. Call people by name. The sweetest music to anyone's ears is the sound of his own name.
4. Be friendly and helpful. If you want friends, you must be one.
5. Be cordial. Speak and act as if everything you do is a joy to you.
6. Be genuinely interested in people. You can like almost everybody if you try.
7. Be generous with praise, and cautious with criticism.
8. Be considerate of the feelings of others. There are usually three sides to a controversy: his side, your side and the right side.
9. Be eager to lend a helping hand. Often it is appreciated more than you know. What counts most in life is what you do for others.
10. Add to this a good sense of humour, a huge dose of patience and a dash of humility. This combination will open many doors and the rewards will be enormous.

JANUARY

January, as you no doubt know, is named after Janus; the Roman god with two faces; one looking back into the old

More Able Than Disabled

by Barbara Pealow

Ten commandments on human relations for the new year

year, and one looking forward into the future.

I am always reminded of Janus when I visit a certain walled garden of the 17th century. As you enter through the old gateway, you look up

and see a smiling face carved into the stone. Once you are in the garden, you see that on the inside of the gateway there is another sculptured face, but this one is scowling at you and putting out its tongue.

I suppose when we look back we can see all kinds of unpleasant things in the year that has passed. But that is all behind us now, and as the church bell peal in the New Year, it will seem to greet us with a smiling

face that promises things to come.

A HELPFUL HINT FROM HELEN SALMOND

If your mattress won't stay on your box springs, put a blanket or a flannellette sheet between them. This stops them from slipping.

Thanks, Helen. If you have any hints, tips or anything that helps us to cope with our way of life, please feel free to let me know. The more the merrier. Write to me at the Campbellford Courier. Hoping to hear from you soon.

CHOW! See You Next Week!!!!

New Years gloom for thousands of sportsmen

On May 17/88, the Ontario Ministry of Natural Resources announced a new provincial parks policy, which severely crippled Ontario's trappers and sportsmen.

The new policy is to become effective on Jan. 1/89, and in so doing will severely restrict the activities of thousands of Ontario's sportsmen.

In the new year, trappers hunters and fishermen can

expect their activities will be either eliminated, phased out or greatly restricted for 6.3 million hectares of crown land in Ontario. If a sportsman normally frequents areas not within the 270 provincial parks, & feels he is unaffected by the new parks policy, he should re-think his position. The area he now frequents will now have to accept all those extra sportsmen who have had their areas taken from them as a result of the new policy. Imagine if you were to remove sportsmen from an area the size of Nova Scotia, in the interior of Ontario; visualize the implications to hunter safety and competition. In 1989, when you head to the lakes or woods, this will be reality.

Hunting, fishing and trapping in the province are all subject to strict MNR management guidelines involving quotas, seasons and rules of operation. It has been shown time and again that these closely regulated activities do not deplete fish and wildlife populations, but rather they are the tools which ensure healthy populations. If you

have a hard time grasping this reality, I would urge you to call any district MNR office and ask for clarification. MNR wildlife personnel, biologists, and management officers are proud to endorse this management message and continue to abide by management principles despite the new parks policy. In Mr. Kerrio's new parks policy announcement, he has allowed a political decision to convey a contradictory message to the general public, suggesting that hunting, fishing and trapping have no place or must be greatly restricted within the parks.

Having been reminded of his wildlife staff's position on the need for management, Mr. Kerrio now states that the provincial parks will not be without management. Unfortunately, his version of management is to allow wildlife in parks to become diseased or overpopulated prior to addressing the situation. With the unusually high incidence of rabies reported in the province this past summer, indicating an urgent need for fox populations to be regularly

harvested, Mr. Kerrio's management guidelines seem ludicrous.

To add to this insanity, in the majority of cases the MNR rely on the services of local trappers in provincial parks to act as nuisance control officers in an attempt at rectifying a situation. In repayment for the trappers voluntary services in assisting the MNR, and the public at large, they are told that as of Jan. 1/89, a phase out process of all non-native trappers in all 270 parks, will begin.

Ontario trappers and sportsmen: I urge you to contact your nearest association or federation and band together to oppose a ministry out of control.

Bob Barnes, Executive Director, Ontario Trapper's Association

New farm legislation

Tough new farm machinery legislation which strengthens warranties and requires the provision of emergency repair parts received final legislative approval. The Farm Implement Act also provides for the repair or replacement of a new farm implement which fails to perform during its first ten days or one hundred hours of actual use. It received royal assent on Dec. 15/88.

This important piece of legislation provides farmers with significant new rights. Farmers spend more than \$250 million a year on farm implements and repair parts and they need protection on these large investments.

The legislation provides a formal process for the resolution of problems encountered in the sale, service, maintenance, safety and warranty of farm implements.

In addition, it creates the Ontario Farm Implements Board, which will register dealers and distributors of farm implements, mediate disputes between purchasers and dealers or distributors, and supervise safety measures relating to farm implements.

Standardized sales contracts and minimum warranties will also be required in this legislation. Agriculture and Food Minister, Jack Riddell said, "We developed this legislation in

co-operation with industry groups, farm organizations and other ministries. It is one of the best pieces of farm machinery legislation in North America. Farm organizations have described this legislation as a real step forward for farmers."

Bill 162 expected to increase recipient count

Bill 162 is expected to increase the number of injured workers that will require welfare and social assistance to make ends meet if it becomes law in the New Year.

Over 50 interested community members and local injured workers met on Monday, Dec. 12, 1988, at Centennial Secondary School to voice their opposition to Bill 162 - the Workers' Compensation Amendment Act.

The meeting had been scheduled as a follow-up to the November 30 event, sponsored by the Quinte and District Injured Workers Group "Bill 162 - A major setback on the Rights and Benefits of Injured Workers".

Petitions against Bill 162 are being circulated and several hundred community members have already signed the petition. MPP Hugh O'Neil is being invited to speak to the group in January, 1989, on Bill 162.

A presentation to public hearings on the Bill in February-March 1989 is expected by several community members, the Quinte and District Injured Workers Group, the Quinte Labour Council and Hastings and Prince Edward Legal Services.

The next meeting of the Quinte and District Injured Workers Group is scheduled for Monday, Jan. 23, 1989, at 7 p.m., at Centennial Secondary School.

T.A.S.
 COMMUNICATIONS

Signs are an integral part of
 our everyday life.

For instance, recently on my
 way to Bancroft, I observed a
 pair of flashing red lights
 approaching me with the word
 stop imprinted on them. This
 indicated to me that I was
 going to have a little less
 financial security in the bank
 after I paid for my hurry.

Now, another interpretation
 of this sign, of course, was that
 I was speeding and the officer
 wanted to present me with a
 speeding ticket.

We now have all those multi-
 lingual picture-signs and they
 can be rather amusing at times
 if care is not taken to scan
 them carefully; especially
 some of the ones used to

indicate Ladies and Gentle-
 men's, as some are very small
 and if the trip is urgent, one
 could wind up in an embarrass-
 ing situation.

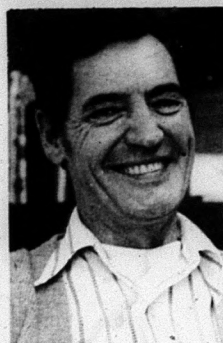

Usually the problem with
 signs is that we are in a hurry
 and fail to fully appreciate
 them. Signs are great amuse-
 ment if read correctly and can
 provide entertainment. One of
 my favorites, "Corn worms for
 sale", again a hurry on the
 part of the maker this time.

To get right down to the nitty
 gritty of this whole thing, I
 would like to compliment the
 Village of Madoc on its signs at
 the approaches to the village.
 They are attractive, large
 enough to be easily read, char-
 acter because they are unique
 and not just a copy from
 everybody else. Also they are
 substantially supported, and
 they haven't forgotten to show
 appreciation and concern for
 those leaving.

No, I am not going to tell you
 what either side says. If you do
 not already know, slow down
 and take a good look. Also give
 those responsible a pat on the
 back for an excellent job.

A place, be it big or small, is
 judged by its environment.
 Madoc has much to be proud of
 and this is certainly an addi-
 tional plus for them.

Congratulations.

The Rural Scene

Ken Yarrow

REFLECTING ON THE PAST

The New Year is a time for
 planning and plotting courses.
 However, planning the New
 Year brings with it the idea of
 reflecting on the past year. In
 reflecting, we procure invalu-
 able information for living the
 New Year to its fullest.

I like reflecting on the past
 year to reflecting on a recent
 woodworking project. From
 late November, until almost
 Christmas, I filled my spare
 time by refurbishing an old
 wooden rocker. After complet-
 ing the task at hand, I stepped
 back to review my
 performance.

While reviewing the work I
 had done on the rocking chair,
 I came up with the following
 thoughts: I had done my best,
 I was extremely thankful for the
 help that I had received, my
 work wasn't perfect, and I was
 now better equipped for the
 next project.

It might be helpful to us at this
 time of year if we take each of
 these observations separately
 and draw an analogy to our
 past year and this New Year.
 First, I had done my best.
 Given the knowledge, expert-
 ise, and resources at my
 disposal, I had done my best to
 restore the old rocker.

Looking over the past year, I
 trust I can say that I did my
 best, humanly speaking, to
 serve my God. Furthermore,
 in the New Year it would be my
 desire to give of my best to the
 Master.

Religion in Life

Pastor
**Aaron Patriquin,
 Madoc Wesleyan
 & Free Methodist
 Church**

Secondly, I was thankful for
 the help I received. I work in a
 shop owned by another.
 Whenever I hit a snag or
 scratched my head for too long
 my friend was always there to
 guide me through the next
 step. Without him I could not
 have finished the job.
 Similarly, over the past year,
 God has always been there for
 me when I needed Him the
 most. With the New Year
 approaching it is comforting to
 know that God has promised
 that He will still be there to
 guide me.

Thirdly, my work wasn't
 perfect! There were a few
 mistakes in the craftsmanship.
 There were techniques that I
 would modify next time I used
 them. There were things that I
 would do totally different in
 hindsight. I guess I have a
 perfectionist tendency because
 those few flaws bugged me.
 Then my friend reassured me
 that what bugged me would be
 forgiven by anyone looking at
 the rocker. Perhaps, many

would not even notice the slight
 imperfections.

Even though the past year
 might have been my best, it
 still was not a perfect perfor-
 mance. What would I need
 grace for, if it was? Grace is
 God's way of looking at our
 imperfections. It is not a
 license for shabby work, but it
 does cover our weaknesses. In
 the next year, I want to keep
 trusting in His grace and not
 my performance.

Finally, I was now better
 equipped for the next project.
 What I had now learned while
 doing the rocking chair could
 be applied to other projects.

The past year furnishes us
 with the hope that this New
 Year can be better, given the
 increase in our experience and
 knowledge.

As you look back over the past
 year, I trust you can look
 forward to the New Year. May
 God bless you in your endeav-
 ours as you follow His will.

CARD OF THANKS

A HEARTY thanks to all who
phoned, sent cards, visited
Ralph in hospital and
supplied transportation for
me. Also thanks for many
Christmas cards and gifts we
received from our deluged
customers on mail route. A
prosperous New Year to you
Ralph and Elsie Anglin.

I WISH to thank all those
who played me and sent
gifts or cards while I was in
hospital. I also wish to thank
the nurses and staff on the
5th floor of Women's College
Hospital and Dr. Heak and
his assistants for the
wonderful care I received
while I was there. Lucy
Henry.

I wish to express my sincere
thanks and appreciation to
my family, neighbours,
friends and lodges for calls,
cards, gifts and all offers of
help during my visit to
Kinston General Hospital
and since returning home.
Morley W. Tanner.

MRS. Alice Chislett would
like to thank friends and
neighbours for their kind
expressions of sympathy,
cards, flowers and donations
in Lloyd's memory. Special
thanks to Rev. Paul Percy
and to Brett Funeral Chapel
and to members of the Royal
Canadian Legion Branch 389
and Ladies Auxiliary.

OUR sincere thanks to rela-
tives, friends and neighbours
for their many acts of
kindness and concerns
shown to us before and after
the passing of Ross, a loving
husband, father and grand-
father. Your expressions of
sympathy with kind words,
flowers and generous dona-
tions to the Mount Pleasant
Church and the Heart and
Stroke Foundations. Also
your acts of kindness
through visits, phone calls,
food and cards were appre-
ciated deeper than words
can express. A special thank
you to Rev. Clive Wilson for
his comforting words, to Dr.
Briggs and Dr. Grant for their
care, to the pallbearers for
their kindness, to Mount
Pleasant U.C.W. for the
manner in which they served
lunch following the funeral.
Also the William J. Thomp-
son Funeral Home for their
competent service. All of this
kindness will be remem-
bered forever. Barbara Jeffs
& Family.

THANK you to friends, neigh-
bors and relatives for the
cards, flowers, visits and
phone calls during my stay in
the Belleville hospital and
since my return home. Special
thanks to Dr. Derry,
Dr. Kuebler and the nurses
at BGH. It was truly appre-
ciated. John Fleming Jr.

WE would like to thank all of
our family and relatives for
the wonderful meal. Also
thanks to Jean & Jim Pollock
& Bill Koughton for the lovely
plagues presented to us
in honor of our father's
Wedding Anniversary. Frank
and Byrle Blakely.

WE would like to thank all the
Customers on rural route
No. 2 & No. 3 for their gen-
erous and kindness shown to
us over the Holiday
Season. You are all very
special to us. Thank you very
much, we sincerely hope you
all had a safe and Happy
New Year. Shirley & Mae.

MEMORIALS

HENRY, Walter - In memory
of a dear husband and father
who passed away December
17, 1987.
Treasured thoughts of one
so dear.
Often bring a silent tear.
Thoughts of scenes long
since passed.
Years roll along but memo-
ries last.
Ever remembered by Carmel
and daughter Shirley.

NORMAN - In loving memory
of a dear son, Douglas
Andrew, who passed away
January 1, 1984, and a dear
husband, Andrew Ernest,
who passed away January
30, 1987.
You left us quietly.
Your thoughts unknown.
You left us a memory.
We are proud to own.
So treasure them Lord.
In your garden of rest.
For when on earth,
They were two of the best.
Sadly missed but lovingly
remembered by Norma.

In loving memory of our
dear Grandmother, Jennie,
who passed away June
16, 88.

To remember you is easy.
We do it everyday.
But missing you is a
heartache.
That never goes away.
Always Remembers Danne
& Family

Birdwise

by Marion Streib - For the
Federalion of Ontario
Naturalists

For many readers an interest
in natural history begins
with observation of birds in
their own backyard, perhaps
at a bird feeder. An adult
interested in finding out more
about birds can turn to several
good field guides. There are
also books available providing
more specialized and specific
information about species like
the Atlas of the Breeding Birds
of Ontario.

But for younger family
members with questions about
birds there is limited informa-
tion aimed at readers between
the ages of 8 and 12. This is the
age at which an interest in
nature fostered in the right
way, may start children on a
fascinating hobby which they
may pursue with pleasure all
their adult lives. Also, at a
time when so much of the
natural world is threatened, an
interest in nature can lead to a
concern for protecting and
conserving what is left of our
natural heritage.

When I was young my father,
who had been raised in the
country near Uxbridge, taught
me what he knew about nature
without my realizing I was
being taught. For instance,
every May we went looking for
mosses in my grandfather's
woodlot, and, as we hiked, I
learned the names of most of
the spring wildflowers and
began to recognize birds by
sight and song. Since not every
child is lucky enough to have
such a resident resource, the
Federalion of Ontario Natural-
ists, in cooperation with Kids
Can Press Ltd., has produced a
book about birds which recalls
the pleasurable learning I
experienced as a child.

The project has been a joint
product of writer and artist,
and is as entertaining to look at
as to read. The writer is Pamela
Hickman, FON education
projects coordinator. She has
already produced a variety of
educational material including
kits on endangered species and
acid rain. Working with her is
freelance artist, Judie Shore,
whose whimsical drawings
grace the FON's 1989 Conserva-
tion Calendar.

Birdwise deals with all
aspects of a bird's life. One
section called Feet are neat
points out the variety of uses
different species of birds have
for feet, and the adaptations of
a bird's feet for specific
purposes. The illustrations
show how an osprey grasps a
slippery fish and how a wood-
pecker is equipped to cling to a
tree.

As a writer Pamela Hick-

man has the knack of luring
young readers into learning
without pain. For instance
what child could resist finish-
ing a page on nests which
begins with the fact that the
largest known nest in North
America belonged to a Florida
Bald Eagle and "weighed the
same as two compact cars and
it was bigger than a hot tub".
The section of feet begins with
the sentence "Imagine what it
would be like if you walked
around on your tiptoes all day.
That's what birds do."

There are other sections on
flight, feathers, how to get
started bird watching, how to
feed birds and how to plant to
attract birds to your garden.
Interspersed throughout the
book are suggestions for
complementary activities, like
how to fix gourmet bird food,
or instructions for constructing
a birdfeeder out of material
likely to be around the house.

But the written word by itself
would hardly hold a child's
attention unless the page was
visually irresistible. And it is -
starting with the cover by Ron
Berg in which motifs repeated
inside the book twine about the
title. An owl perches on the
"D", and a birdhouse dots the
"I". Inside interesting and
humorous illustrations erupt
from every page. In the section
entitled How Birds Live the
tiny hieroglyphs of bird tracks
wadder across the page from a
broken eggshell. The section
begins with the question,
"What will happen to the baby
bird that hatched out of this
shell?"

The sketches of birds will
fascinate the young reader.
There is a Nuthatch clinging to
the edge of a page, a wild-eyed
mother bird flattened on a nest
brooding young, a wren sing-
ing so that one can almost see
the throat vibrate and a Ring-
billed gull scavenging french
fries.

In this book young readers
will be introduced to a new and
fascinating world in which
they will learn how different
species of birds are suited to
different environments, and
how they may best observe
birds and entice them to stay
around. The book conveys to
the reader the author's enjoy-
ment of the natural world. If
some of this enjoyment rubs
off on the young reader, there
is no knowing where this interest
will lead.

Birdwise is available at book
stores in paperback for \$9.95. It
is also available from the
Federalion of Ontario Natural-
ists. Please add \$2.50 for post-
age. All proceeds of books
purchased through the FON go
to the education program.

Agriculture in the classroom

Toronto - Workshops on agri-
culture and the food system
will be held across the provin-
ce for teachers, principals,
librarians and education
consultants. The 11 free "Ag
Aware, Why Care?" work-
shops are sponsored by the
Ontario Ministry of Agricul-
ture and Food's agriculture in
the classroom program.

Workshops will cover where
agriculture fits into the curri-
culum, why students should
know about agriculture and
what teaching resources are
available.

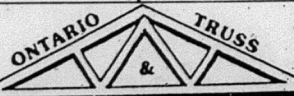

They will also include an

introduction to the new "Many
Nations, Many Farms" kit
produced by the ministry,
which features multicultural-
ism in Ontario agriculture.

For further details, please
call 519-767-3522 or 519-767-3546.
Enrollment is limited.

The workshops will be held
in the following areas:

Ottawa (bilingual) - Jan. 19,
Sudbury - Jan. 26, London -
Jan. 31, Windsor - Feb. 2,
Aurora - Feb. 7, Barrie - Feb. 9,
Milton - Feb. 14, Ancaster -
Feb. 15, Etobicoke - Feb. 21,
North York - Feb. 22, Belleville
- Mar. 2

A fire wouldn't have stood a chance

Madoc's three new firefighters are: (from left) Clint Carswell, David Snider and Randy Taylor.

by Janice Pinke
 If there had been a fire here last Wednesday night Madoc would have been well covered. Approximately 100 firefighters from across Hastings and Prince Edward counties gathered at our Kiwanis Centre for a meeting they've entitled 'Mutual Aid'. These monthly meetings of the Mutual Aid Association allow the firefighters to discuss problems and triumphs confronted by these volunteers during the previous month.

3 NEW VOLUNTEERS

This month the meeting, organized here, unveiled 3 new volunteer firefighters for the Madoc Village fire department and introduced Carl Derry as our new Deputy Fire Chief. Those in attendance for this

months meeting of Mutual Aid was former village Fire Chief Jack Martin. Robert Clarke, the Hastings and Prince Edward counties representative from the Fire Marshall's office complimented Madoc Village council for their support as all members of council were present for the meeting including Clerk-Treasurer Doug Parks. Peter Belling, guest speaker from the Ministry of the Environment, addressed the issue of toxic (chemical) spills. Other issues raised at 'Mutual Aid' included the institution of a mini-training weekend for trainee firefighters and the 'jaws of life' at crash sites. Nothing was confirmed. A meeting at Madoc Village's firehall January 12th, will address the issue of the trainee's proposed mini-weekend.

Testing their theory

Bowl for Millions

by Janice Pinke
 You like to bowl so why not do it for a worthwhile cause. February 11th, the Big Brothers organization of Centre Hastings will hold it's annual 'Bowl for Millions' with proceeds going to that organization. Resurfacing, as a result of the Bowl for Millions fundraising event, is the fact that Madoc doesn't have a bowling alley. Therefore those wishing to participate in the Big Brothers bowl-a-thon will have to go to Tweed or Stirling. Marg Cooper, the only paid employee of the Centre Hastings Big Brothers/Sisters organization hopes that lack of an alley in Madoc won't result in the loss of participants or the much needed proceeds for the organization solely operated by volunteers. "People might not want to bowl" says Marg, because now they have to add or find transportation which, in the past, wasn't necessary. Madoc and area residents have had to find alternative bowling facilities since the closure of Madoc's bowling alley nearly a year ago. Marg says the absence of an alley in Madoc probably affected the senior bowlers in the Village the most. Seniors leagues used to support the Bowl for Millions effort by entering as a group. Marg Cooper says her organization is now unsure of their partici-

pation this year.

GOOD YEAR

All in all though the past few months have been prosperous at the Big Brothers/Sisters organization with many 'little' 'big' matches and added 'big' applicants. Bowl for Millions, February

11th, promises to draw these matches out for a different kind of match.

Anyone wishing to enter this bowling bowl-out and support a local most worthy cause can call Marg at Madoc's Health Unit by dialing 473-4247. See you in Tweed (or Stirling) on the 11th.

And we helped...

by Janice Pinke
 Visiting Kay Peacock and her Community's Resource Project (CRP) upstairs at Madoc's Health Unit is always a treat. More so this past week when Kay thanked the Review for our efforts, which directly resulted in the Project obtaining it's needed storage facilities. Back in November the 'Madoc Review' published a plea from the CRP that it was in search of cost-free storage space so that they could store donated items ultimately given to those people needing them. The CRP and Kay want to thank this person for their generosity. So if you got new furniture for Christmas, don't throw out the old, "there is always someone who may need it" says Kay Peacock of the CRP and now they've got a place to store it thanks to the unidentified donor.

The storage space was needed, according to Kay, because one week a person

by Janice Pinke
 Once weighing nearly 200 pounds myself I've always questioned and subconsciously envied an exercise program that advertised itself, among other things, as effortless. I sweated bullets for one hour every day to lose the 80 pounds I lost in just over 4 months. Madoc's Trim & Tone Fitness Centre on St. Lawrence East advertises their program as "safe, effective, effortless" and as a result they have invited me, the editor of the Madoc Review, to test their theory. What have I got to lose...only inches. If manager, Linda Pacheco, is a walking testament of these machines abilities then I can also look forward to improving my muscles through toning and firming, reducing my level of water retention and improving my body's circulation. These possibilities are inevitable. I derived this from my first visit at Trim & Tone as I am hardly a rookie at this reality of life.

So far their simpler program has encouraged me to continue for the duration of their invitation. The program focuses on all whether you are overweight or not, young or older. It won't work however if you continue to eat at McDonald's or a facsimile. Drinking 8 glasses of water a day and watching what I eat are due

course especially at Trim & Tone. Watch the Review for results as results appear.

**NOW
is the time
to quit
smoking!!**

The Lung Association of Hastings and Prince Edward Counties is looking for people who want to quit smoking and require some help doing so. It's the first year for the course in Madoc called COUNTDOWN. A place and time can't be established here until, according to the Association, a minimum of 12 people have registered. The course consists of seven 1 1/2 hour sessions to be held over a 5 week period. The 5 week course costs \$95. A \$20 deposit is required when you register, the balance of which is due during COUNTDOWN's first session. A nurse from the Lung Association will conduct the course. To register call Kay Peacock at 473-5076 during daytime hours.

Letters to the Editor

Dear Editor,

This letter should have been written when I first noticed the disappointing 'Madoc' sign.

Christmas and New Year's has delayed me slightly, but my disappointment with this sign grows every time I go to town. I can't believe that a council trying to attract tourists to the Madoc area would put so little thought into one of their greatest advertising schemes. If this is what they think draws and keeps people in the Madoc area, then - I think - they - wasted taxpayers dollars.

This sign is SO gloomy and doomy that I wouldn't even bother coming back as a tourist. I believe that the signs came about as a result of public and corporate pressure due to the condition of the highway, 7 sign and Tweed Village putting up new exciting signs.

If one takes the time to compare the two, the only conclusion is that Madoc is dull. This is a shame because Madoc and area, is both recreational and a fine place to work and live.

I do not agree with the article in the Community Press stating that the Madoc signs are colorful and will give a positive boost. RUBBISH!

This sign is boring, unattractive and NOT exciting. I hope I am not the only one who feels this way and urge you Madoc-residents who agree with me to let your council know your thoughts.

Signed,
Bill Allen

Editor's note: The Review contacted the Village's Reeve Tom Deline asking him if he wished to comment on the letter received by this office. He agreed saying "I think the signs are great and let's put it this way, they're better than what we had".

Dear Janice:

On behalf of the Lung Association, I would like to thank you very much for the picture in the Stirling News Argus, of the guides selling Holly at the Madoc I.G.A.

We wish to thank everyone who made our Holly Day such a huge success. Our goal was \$3,500, and we exceeded \$3,900.

May I point out that our proper title is The Lung Association, Hastings-Prince Edward Region. There are 33

separate associates in Ontario, with the Frontenac Lennox & Addington Region (Kingston) to our east and the Kawartha-Pine Ridge Region (Peterborough) to our west.

I wish you and yours a Very Merry Christmas and most Happy and Prosperous New Year. I also look forward to meeting you in the near future.

Sincerely,
Mrs. F. Lemoine,
Executive Director

Scouts, Kiwanis unite for meeting

On Wednesday December 7th, Craig Watson and Rick Lessard of the Moira Valley District Scouting Association, visited the regular meeting of the Madoc Kiwanis.

The mission of these gentlemen was to ask the support of the local Kiwanis as sponsors of a scouting program in Madoc area.

Shortly after their presentation and answering of questions from the members, a directors meeting was held. At that time the directors put forward four motions:

That Madoc Kiwanis will endeavor to be the sponsor of Scouts Canada in the Madoc

area.

- That Paul Kyte be appointed as the liaison between the group committee and sponsor.
- That an organizational meeting be held in an open house forum.
- That a fundraiser be held and all proceeds be forwarded to the Scouting group committee.

With this the Madoc Kiwanis is inviting all parents of interested children and adults interested in the scouting movement to please attend an open meeting on January 16th, 7:30 p.m. at the Madoc Kiwanis Centre. Please attend if you have any interest at all.

SPECIAL INTEREST

by Janice Pinke

I met Karen at my first full-time job at one of the busiest and most prosperous real estate agencies in Toronto. We worked along side each other and needless to say we were busy...busy...busy. The friendship remained intact when I moved to Hungerford Township 2 years ago.

FAIRYTALES DO COME TRUE

Shortly after our move, like something out of a storybook, Karen joined my mother and I here for a weekend away from the big city - fell in love - and has been here ever since...but that's only part of the story. Like myself, cruel reality left both Karen and myself running around looking for jobs we would like. We weren't getting any younger you know. We've done it...so why not print a success story.

SELLING YOUR HOME?

If you are and you're looking for someone new - totally new - you might want to give Karen a call. She got her sales rep licence from the Quinte and District Real Estate Board December 23rd. Karen hasn't always had it easy, it's been a long winding road. This is a step in the only direction.

The reason for this story is because of her long winding road and my admiration for a person who DIDN'T let 'cruel reality' get the better of them. (Something like myself.) Before obtaining her licence Karen tried her hand at plumbing and construction; wanting

to do something different.

VOLUNTEERS HER TIME

Her people skills are overflowing and so much so that she's got some to spare. Karen devotes her spare time to the Meal on Wheels program for seniors in Tweed. She also makes herself available to those seniors needing trans-

portation to a doctors appointment or the local grocery store.

Ambition deserves credit; credit where credit is due.

We are home and lovin' it!!! You know where to reach me but Karen can be reached by dialing 478-3898 and she'll attempt to answer or assist you with any question or problem. Just say I sent you. Cheers Karen.

Madoc man found dead in snow

At 8:30 a.m. January 5th Madoc OPP were called to a residence on Hemitte Road to investigate the report of a male person found deceased in a front yard, no foul play is suspected.

The victim, Edward Barcier, 59, of RR3 Madoc was visiting friends on Hemitte Road and left their residence at approxi-

mately 8:45 p.m. the previous evening. OPP reports say Mr. Barcier, who had been drinking, fell in the front yard of his friend's home, striking his head and rendering him unconscious.

He was found by the Hemitte Road residents the next morning.

Madoc Club hosts Ducks Unlimited "Greenwing" day

On Saturday, Jan. 14th, 1989 from 10 a.m. till 2 p.m. the Madoc & District chapter of Ducks Unlimited will host a special "Greenwing" day. This day is set aside for area youngsters 17 and under who love the outdoors and want to learn more about conservation. Activities on Saturday at the Madoc Rod & Gun Club grounds will include, 2 special outdoor conservation movies, a safety talk by a Conservation Officer and a frozen marsh walk, where youngsters can help clean woodcock rest boxes before the ducks return in spring.

There will be free hotdogs and pop for all the new Greenwings.

With the \$5.00 registration each youngster will receive in his/her own name a subscription to the Ducks Unlimited Magazine, a "T" shirt iron-on, a membership card, a jacket patch and a special duck identification booklet.

For more information about Ducks Unlimited & The Greenwing program or transportation to the Rod & Gun Club grounds, please call Richard Grey at 473-4696. All Welcome.

"Bobbi" has retired

by Janice Pinke
Queensborough - Roberta Ramsay, better known to her clientele as 'Bobbi', is retiring after running Queensborough's well known Sager General Store since 1957.

The currently operative portion of the store was opened in 1927 by Bobbi's parents Robert and Elsie Sager. They sold the store in 1946 and until 1957 when the younger Sager purchased the store back it was operated by various other parties.

Bobbi Ramsay, like her parents, have lived their whole lives in the tiny village of Queensborough; present population 100.

When asked why Bobbi, 60, is now retiring she said, "These people wanted to buy the store so I felt it was time". She's looking forward to the relaxation that comes with retirement.

Don and Dot Burshaw and the new proprietors of the convenient convenience and a 'grand opening' is planned for the near future.

Bobbi can still be found in the store on occasion assisting the Burshaw's with their new business, she says she's "kind of on-call".

Let the history books read that this is the end of an era. The ending of a saga of the Sager's in Queensborough.

Quinte Crime Stoppers Inc.

A break, enter and theft at a RR 3, Marmora home, on Thursday, Nov. 3rd, 1988, netted thieves over \$1400 in property.

The house, which is located at Lot 14, Concession 3, Marmora Township, was broken into during the day while the occupants were out.

The culprits pried open a living room window, which is located on the south side of the residence, and climbed in. After stealing several items, they left by way of a patio door. A vehicle was most likely used as the thieves made off with a TV set, as well as other items.

The police report that a Zenith 20" color TV set, grey and a Panasonic VCR, model PV1323-K, as well as a Toshiba ghetto blaster are also missing.

On Friday, July 15, 88, a call was received by Belleville Police from Thurlow Township Fire Department advising of a fire on Centre Street in the hamlet of Cannifton. The call was received at 10:15 p.m.

An investigation was begun and with the assistance of the Ontario Fire Marshalls Office, it was determined that the fire was deliberately set. The residence, which was a two storey frame structure had been forcibly entered by means of

the rear door. Once inside, the suspects spread an accelerant on the floor and then ignited it. The fire spread very rapidly, and by the time that the Fire and Police Departments arrived at the scene, the entire rear section of the residence was engulfed in flames.

Witnesses at the scene told police that at approx. 10:00 p.m., they observed two male suspects running from the house, south, towards the junction of Highways 37 and 401. Ten minutes later, the sound of breaking glass was heard and the fire was discovered. The residence which was totally destroyed was not occupied at the time of the fire. The loss of the residence is valued at \$70,000 and the contents are valued at approx. \$20,000.

If you have any information that would assist police in solving this case, then Crime Stoppers would like to hear from you.

Crime Stoppers offers a CASH Reward up to \$1,000 for information leading to an arrest in this crime or any other unsolved case. If you have any information, call Crime Stoppers at 969-8477 or 1-800-267-4357. Callers will not be required to reveal their identity nor testify in Court.

Snowmobile accident results in fatality

On Saturday, January 7th, Campbellford OPP responded to the call of a snowmobile accident on Round Lake north of Havelock.

The snowmobile struck a rock

protruding from the ice surface, throwing it's passengers James O'Hara, 29, and Paul Coburn, 27, both of Ajax. Coburn died at the scene; O'Hara was taken to Camp-

bellford Hospital where he was treated for minor injuries.

Neither men were wearing protective helmets.

Everybody wins in hockey's Penalty Free Sweepstakes

Sweepstakes winners - Two of last year's Esso Penalty Free Sweepstakes winners from the Marmora Lions receive congratulations from (l-r) Hockey Development Centre for Ontario Chairman Fred Mantle, former NHL star and

hero of the 1972 Canada-Russia Super series Paul Henderson, Ontario Minister of Tourism and Recreation Hugh O'Neil and their coach Lloyd Acorn.

Madoc - Jack Martin, former Village Fire Chief, attended the Mutual Aid meeting at Madoc's Kiwanis Centre. Approximately 100 firefighters from across Hastings and Prince Edward counties gathered to discuss mutual problems and achievements last Wednesday.

facts and just about everybody who cares about the sport of hockey?

There are no losers in this contest. Aside from the teams that will carry off the major merchandise prizes, every member of every team playing a penalty free game will

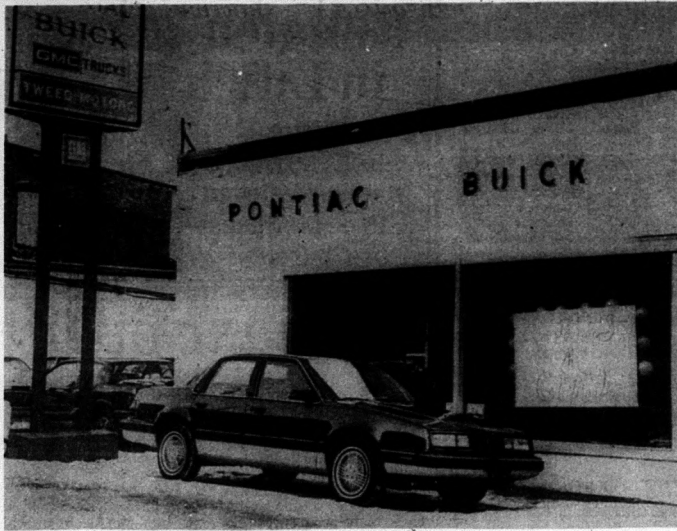

receive an Achievement Award Certificate and a colourful crest. In addition, the emphasis on good, clean hockey focuses attention on skills, safety and sportsmanship and that's good for the game of hockey and everybody in it.

Penalty free hockey is winning hockey. More than 80% of the teams playing penalty free during last year's contest won or tied the game. Staying out of the penalty box helps win games and during the ESSO Penalty Free Sweepstakes, it can also win valuable prizes.

Paul Henderson, former N.H.L. star and program spokesman said, "The high level of success that the Penalty Free Sweepstakes achieved last year was a very pleasant surprise for everyone. With more than 2,500 games played penalty free in the 14 days of this contest, we more than doubled our projections. This year's programs should be even better as there is more awareness of the event and the phenomenal success of teams playing full-strength games will help to convince even the skeptics that playing penalty free is not only good hockey, it's winning hockey."

The contest returns to Ontario's amateur hockey scene on Jan. 06, and will continue through Jan. 22/89. This year's prizes total more than \$50,000 with the top prize being a pair of CCM Custom Tacks for every member of the winning team. The program is open to every amateur hockey team in Ontario and entry forms are available from local association reps, participating ESSO dealers and arena managers.

The contest is sponsored by ESSO Petroleum Canada, and the Ontario Ministry of Tourism and Recreation. Merchandise prizes are supplied through Cupolo's Sports.

You couldn't miss it

What other way to do it but to announce it to the world...OK Tweed. Charlie Way, owner of Tweed Motor Car Sales, Tweed, had this sign in his window last week after his lovely wife Kelly gave birth to

the couple's first child a baby girl, Katelyn Elizabeth Way was born January 5th at 5:45 in the afternoon. Charlie and Kelly would like to thank the staff at Belleville General Hospital. Katelyn weighed 6

pounds 9 ounces. Proud grandparents are Gerald and Merv Witherden of Bancroft and June and Bob Bateman of Tweed.

A make over

A friend once showed John Ruskin a costly handkerchief on which a blot of ink had been made. "Nothing can be done with it now," said the owner. "It's absolutely worthless."

Ruskin made no reply, but carried the handkerchief away with him. After a time he sent it back, to the great surprise of his friend, who could scarcely recognize it. In a most skillful and artistic way, Ruskin had made a design in Indian ink, using the blot as a basis and making the handkerchief more valuable than ever. (selected - War Cry)

Have you ever felt that your life is worthless, that you were just a handkerchief with an ink blot on it? Have you ever thought you were a lost cause and that no matter what happens, you would always amount to nothing? God, the almighty creator, can make all things beautiful in their time. He specializes in make-overs. There is not one person who is worthless in His sight. Everyone is special and unique to God. No matter what

may mar your life, God can turn the potter's wheel and remove the blemishes. God can fashion a vessel that once again is useful. It is beautiful because it is fit for the Master's use.

Ironically, our old weaknesses are often the point at which God starts to rebuild. As Ruskin transformed the blot into a beautiful design, so too, God transforms our lives into something beautiful.

Now and then we sing a chorus entitled, "Something Beautiful". Following are the words of the chorus, which put to song what we have been discussing:

Something beautiful,

something good,

All my confusion he understood.

All I had to offer Him

was brokenness and strife.

But He made something

beautiful of my life.

Why not give God a chance?

He can do for you what no one else can!

It will now cost you 38 cents

Once again this year Canada Post has seen fit to pass another rate hike on to the Canadian public.

On January 1, the cost of mailing a first class letter went up one cent, from 37 to 38 cents. This is not a great hike in the price of posting a letter but what is the reason for this price increase.

Why must Canada post charge 38 cents for a stamp when a franchise post office can sell the same 38 cent stamp for 34 cents and still make a profit.

In the small northern community of Wilno Ontario an owner of a franchise post office had a Christmas sale on stamps, selling them for 35 cents each.

The owner of the store Mike

Whitehead said "I can cut the price on the stamps and still make a healthy profit." Whitehead has been fighting Canada Post for over a year and he has used the stamp sale as a way of sending a message to Ottawa.

Those people who use the second and third class mail in Canada did not escape the grasp of the money hungry Feds.

Changes to the Second Class Postage Rates which were introduced in May of last year have been approved and became effective January 1, 1989.

While the rate increase itself is modest, in keeping with the increasing costs, Canada Post is also introducing a two-tiered structure related to the quantity mailed.

Gilmour News

by Blanche Phillips

Our sympathy, love and prayers are extended to Katie (Phillips) Foote, and family in the death of her husband the late Don Foote. Don has been in poor health for some time and hospitalized. Sickness, distress and anxiety can drag one down so. We think of these dear ones at this time.

Also heartfelt sympathy, to Laura McKenzie and family in her distress and death of late

Clayton McKenzie's death in a fire in his garage.

May God comfort your hearts. He is our only refuge and strength. Psalms 46: 1.

Our community has been struggling in sickness and deaths.

Bro. Walter Trumble's sudden passing, a man of God indeed, always a testimony to others about him.

Our prayers are for Leola. Cont'd on page 7

Madoc Twp. Public School

Mr. Art Gough and Ms. Patti Sharpe began to organize cross-country skiing this week.

Any of the children who want to go skiing are welcome to join as long as they have the proper equipment.

Weather and snow conditions permitting, the group will ski each day at noon.

DEBATING

On January 11th, a meeting will be held in Madoc to co-ordinate this year's debating

competition. The 2 separate schools in Centre Hastings were invited to participate this year.

This activity is supported financially by the 3 teachers' federations, OSS, OPS, and FWTAO.

JUNIOR DIVISION MEETING

During the Junior Division Meeting, our librarian Mrs. Gayle Ketcheson discussed

"Partners in Action" with the teachers.

The teachers were given a hand-out explaining the various library skills that are taught at each grade level.

The teachers were also given a hand-out listing many of the resources that are in the library.

Times are being made available for the teachers to conference with our librarian with regards to "Partners in Action."

Sheep Improvement Club

The annual election of officers were held after a Christmas pot luck dinner, of fowl, lamb, cabbage rolls and other delicious niceties, at the home of Gwen and Don McEwen.

Elected for his second term as president, was Don Alexander of Madoc. Gwen McEwen accepted the position of secretary, and Phil Wybrew was returned as treasurer. The goals of this club is to provide information and educational programs, for new and experienced shepherds. Monthly meetings are held and guest speakers are invited to speak on the various subjects pertaining to the sheep industry - Pasture Management, Fencing, Flock Health (veterinary), O.S.M.A. reports, etc. The club is assisting the O.M.A.F. office in Stirling to provide a course for shepherds, starting on Wednesday January 11. It will be covering in depth subjects such as above, along with such

other subjects as cross-breeding, flock management, O.S.M.A. role, O.M.A.F. role, predator control and many more.

The next monthly meeting is on Sunday, January 15 at 1:00 p.m. at the home of Noreen and Don Alexander 12th Concession of Huntingdon 473-2579.

Gilmour News

Cont'd from page 6
Mrs. Arnold Burkitt in hospital and Mrs. Ina Robbins.

Many visitors coming and going in our community. At our home, a wedding anniversary. Callers came, among them Rev. Lawrence & Sadie O'Marra from Bancroft, also Gospel singers attended and gladdened our hearts. It takes one back to Bethlehem, and if He happened to stop by our door. He was not an unwelcome Guest, as we felt His presence within.

Prior to Christmas, we attended a pot luck supper at the Pentecostal church in Madoc and enjoyed sweet fellowship.

New Years Eve, some of us

were home reading the Bible and praying the New Year in.

A quotation by the late Beloved King George the VI and I quote,

I said to a man who stood at the gate of the year

Give me a light! that I may trod safely into the unknown.

And he said, "Go out into the darkness

And put your hand Into the Hand of God."

That shall be to you (better than the light, Oh He is the light!)

And safer than the known way.

To the Review and readers, Blessings, Love and Guidance from above for 1989.

55 seniors apartments to be built in Belleville

Construction is expected to begin shortly on a \$3.4-million senior citizen housing project in Belleville following the approval of financial assistance by the governments of Canada and Ontario.

The announcement was made January 3, 1989, by the Honourable John McDermid, Minister of State (Housing) and by Hugh O'Neill, Minister of Tourism and Recreation and MPP for Quinte, on behalf of Ontario Housing Minister Chaviva Hosek.

The 55-unit development at 50 Rollins Drive is being sponsored by Belleville Emmanuel Residences for Senior Citizens Corporation.

"This project results from the federal-provincial social housing agreement which allows us to meet housing needs in the most efficient and effective way possible," said Mr. McDermid.

"I am very pleased that we are able to assist senior citizens in Belleville," he added.

Mr. O'Neill said, "The 55 units in Belleville are an integ-

ral part of our efforts to assure affordable housing for the people of Ontario."

The \$3.4-million capital cost of the development is being met with a 35-year mortgage loan from Canada Life Mortgage Services Ltd. The loan is insured under the National Housing Act by Canada Mortgage and Housing Corporation.

The total annual operating subsidy for the 55-unit project is estimated at more than \$376,000.

It is expected that 38 of the units will be allocated to needy households. Subsidies on these units will be shared by the governments of Canada and Ontario on a 60:40 basis.

The province will provide subsidies for three units, expected to be made available with rents based on household incomes. The remaining 14 units are expected to be made available at the market rental rate, with amounts to be based initially on rents of comparable accommodation in the community.

A magazine that will SHINE

What's Happening Publications, in co-operation with the Hastings County Board of Education, is producing a magazine dealing with teenage drug and alcohol use. The magazine has been named SHINE.

The first edition, due out in April '89, is now in the works. SHINE will be a student project professionally published. Students will be involved in all aspects of the magazine's production, from research, writing and editing, to photography, graphic design and layout.

SHINE Magazine's mandate is to have young people provide their peers with the facts about drug and alcohol use to allow them to make informed choices. Editorial content will focus on addictions education, law enforcement and treatment. The magazine will discuss the impact of drug and alcohol use both now and in the student's future.

SHINE will be available also to other schools and school

systems in Hastings County.

An Advisory Committee has been formed to co-ordinate the project. This committee consists of representatives of the Hastings County Board of Education - Margaret Werkhoven, Carol Peterson, Dona Knudsen, Cheryl Mound, Susan Diermeier, George Wilson, Ronuk Thackray and Jackie Powell - together with Helen Connop of the Addiction Research Foundation, Cate Sutherland of the Belleville ATAC Centre and Patrick and Susan Kell and Jenny Read of What's Happening Publications.

Sponsorships will be sought by What's Happening Publications from local organizations and individuals wishing to be involved in a project that addresses a community concern.

Watch for more information about SHINE Magazine in the near future.

OBITUARIES

Doris Evelyn Burris passed away January 2, 1989 at St. Joseph's Hospital, North Bay, Ont.

Doris was the daughter of Matilda (Smith) and John McNevin of Reabro.

Her husband Allan Burris predeceased her.

Mrs. Burris lived in Madoc for several years with her family. She has spent the last few years in North Bay at 401 William St.

She was an active member of

Trinity Church Women and Order of the Eastern Star also The Madoc Senior Citizens Club. Left to mourn, are daughters, Erma Downey-Fay, of North Bay and Joan Darling of Burlington. One son Ray Burris of Madoc predeceased her.

Grandchildren, Paul, Kathy, Carole Anne, David, Shelley and Julie Burris, Mark and Bruce Downey and David and Karen Darling. Great Grandchildren, Alise and Robert Burris, Brandon Downey and Ryan Ramsey.

Sisters, Jessie (Mrs. George) Baber of Belleville and Marie (Mrs. Andy) Widdis of Lindsay.

She was predeceased by two sisters, Mrs. Ermina Martin and Mrs. Matilda Clement also two brothers Morley McNevin and Harvey McNevin.

Funeral Service was held from McConnell Funeral Home Wednesday, January 4, 1989 at 3 p.m. with Rev. Annette Reinhardt officiating. Interment at Hazards Cemetery in the spring.

Donald Gordon Foote, following a lengthy illness, passed away December 31, 1988 at Belleville General Hospital in his 88th year.

Donald was the son of the late Gordon Foote and Helena Weir.

He was educated in Madoc Public and High Schools and was a member of St. Peter's Presbyterian Church.

Donald and his wife Katie Phillips and family resided at R.R. Madoc prior to moving to the village.

Mr. Foote was a veteran of both world wars, he was a piper with Toronto Scottish Pipe Band for 5 years and was a former member of Queens Glider Flying Club.

Mr. Foote leaves 3 children Lois Burris, Madoc, Donna Devolin, Madoc and Jack Foote, Cape Breton, a daughter Lillian Lowry predeceased him.

He also leaves twelve grand-

children, seventeen great grandchildren and one great great grandchild.

Sisters Mary Martin, Ottawa, Barbara Armstrong, Grand Bend, Alice Snelling, Willowdale and Pauline Uhrick, Oshawa. Brothers John and Edward Foote (deceased).

Funeral Service was Jan. 3, 1989 from McConnell Funeral Home, Madoc, with Rev. Geo. Beals officiating.

Interment at White Lake Cemetery.

Pallbearers were Grandsons Doug, Larry, Edward, Donald, Ken Devolin and Jack Burris.

Clayton Bruce McKenzie of Gilmour, Ontario passed away Friday, December 23, 1988 at his home as a result of an accident. He was 72 years old.

Mr. McKenzie was born in Limerick Township, the son of Alexander McKenzie and Lillian Reid.

He is survived by his wife Laura (Sprackett) and children, Mrs. Tom (Betty) Jenkins, Peterborough, Ron and Joan (Grant) McKenzie, Cardiff, Mrs. Tracy (Dianne) King, Belleville, and predeceased by daughter, Barbara. He is also survived by 7 grandchildren.

Mr. McKenzie was the brother of Duncan McKenzie, Wellington, Mae Black, Sarnia and predeceased by Donald McKenzie.

He had always lived in the Gilmour area.

Mr. McKenzie was retired as Road Superintendent of Tudor and Cashel Townships after 33 years of service from 1945 to 1978.

He was a member of the Twilight Senior Citizens Club and had served overseas in World War II.

The funeral service was held December 27, 1988 at the McConnell Funeral Home, Madoc at 2:00 p.m. with Rev. Stanley Robbins officiating.

Interment was Gilmour cemetery.

Pallbearers were all grandchildren, Tim Jenkins, Teresa Jenkins, Dan and Marg (Plunkett) McKenzie, Darren and Debbie (Cox) McKenzie, Glenn and Kristen (King) Deeth, Jamie King and Corrie King.

Margaret Mary Barry of Wellington St., Apt. 108, Madoc, passed away at Belleville General Hospital December 27, 1988 at the age of 77.

Mrs. Barry was born in Actinolite, Ontario, the daughter of John Carroll and Elizabeth Hotts.

She is survived by her husband William Francis Barry and children, Jean Reynolds, Milton, Gerald Barry, Madoc, Anne Quarrington, Red Lake Ont, Joseph Barry, Richmond Hill, John Barry, Madoc, Vincent Barry, Oshawa, Vernon Barry, Toronto, also 14 grandchildren and 2 great grandchildren.

Mrs. Barry is also survived by sisters, Mrs. Stella Kelly of Madoc and Mrs. Rose Laton of Fort Erie. She was predeceased by sister Bernice Burns and brothers Cecil and Franklin Carroll.

Mrs. Barry was educated in Actinolite and a member of Sacred Heart of Mary Catholic Church.

The funeral was held on December 29, 1988 at 11:00 a.m. at McConnell's Funeral Home, Madoc with Father Chisholm officiating.

Interment at St. Henry's cemetery, Queensborough.

Pallbearers were 5 sons, Gerald, Joseph, John, Vincent and Vernon and son-in-law Beverly Reynolds.

WOODS, WATER AND WILDLIFE

Adventures in the new year

by Marion Strebeg, for The Federation of Ontario Naturalists

Eat too much over the holiday? Feeling heavy and out of sorts? Need something zippy for the new year? FON's 1989 Membership Trips and Canadian Nature Tours, offer plenty of opportunity for adventure and for learning.

The unique feature of these trips is that, because they are aimed at people who are interested in natural history and conservation, they visit areas outside the usual tourist track. Also, all of the leaders are volunteers with an intimate knowledge of the trip area plus expertise in aspects of natural history, canoeing, camping, history, or orienteering. Ant profits in our trip program goes towards our various conservation enterprises like preparing school kits on subjects such as Acid Rain, and Endangered Species, working to get a provincial wetlands policy, participating as an intervenor in the Class Environmental Assessment for Timber Management on Crown Lands in Ontario, producing our quarterly magazine Seasons and this weekly column, and preserving significant natural areas in Ontario through purchases of our 14 nature reserves.

The Membership Trips Program, which concentrates on short-day or weekend trips, provides more than a hundred opportunities to explore the natural features of Southern Ontario with expert guides.

For instance, in November, I spent a day with Martin and Kathy Parker, finding exotic gulls on the Niagara River.

To get you out of your post-Christmas doldrums the program offers several cross-country ski weekends in scenic locations like the Bruce and the Muskokas which will combine working on your skiing technique with observations of winter wildlife. For the really adventurous, there is a wilderness weekend in the Temagami area where participants will ski into a wilderness campsite, and camp in heated tents. Equipment and supplies will be transported by dog-sled.

Spring outings will follow the rhyme of migration. In March, you can go to Long Point to see the Tundra Swans in their thousands as they pause briefly on their way to the Arctic. Also in March, the hawk watch starts at Beamer's Point near Grimsby. Other trips cover locations for specific hawk species. For instance, there is a trip to the Bruce to see Rough-legged Hawks. In May, trips concentrate on the "jewels of the woodland", the warblers, with visits to Point Pelee and the less famous but equally rewarding Pelee Island.

Other outings explore unique plant communities and areas of special botanical interest like the Carolinian region. Activities offered in connection with some of the trips are bicycling, canoeing, kayaking and birdbanding. These trips

offer everyone an affordable chance to learn about the diversity and beauty of the natural areas of Southern Ontario.

Keeping the focus on natural history, Canadian Nature Tours conducts longer trips to more exotic destinations. Trip destinations range from the rainforests of Costa Rica to Wager Bay on the Northwestern rim of Hudson's Bay, just below the Arctic Circle. And from the charms of Grand Manan, a naturalists paradise in the Bay of Fundy, to the towering trees, looming totem poles and rainswept beaches of the Queen Charlotte Islands. Several years ago I was fortunate enough to visit Grand Manan with a C.N.T. trip. It began with a love affair with the island which only a lack of cash keeps me from renewing annually.

As well as these trips to yearn about and save for, like the trip up the Yukon River, or the one exploring the Rockies on horseback, there are many trips closer to home. There is a cycling trip on the Bruce, a week long trip to Long Point to participate in birdbanding, and a lodge to lodge canoe trip on the French River.

The canoe trips offered in July and August follow the course of the northern rivers made famous by their association with the fur trade - the Missinabi soon to be designated as a provincial waterway park, the Montreal and the Spanish. These trips are graded according to your expertise as a paddler, ranging

from novice to advanced, a designation which denotes considerable white water paddling. Trips like these are a brief respite from the stresses of civilization, and a chance to establish real contact with the land.

Brochures for both programs are available by sending a stamped, self-addressed envelope to me at the F.O.N., 355 Lesmill Road, Don Mills, Ontario, M3B 2W8. The trip

descriptions in the brochure are so compelling that you don't even need to leave your armchair in order to see the warblers, smell the salt air, enjoy alpine meadows or Arctic tundra, or savour the feel of the paddle digging into white water. Getting the trip brochures will be like getting the first seed catalogues in the dead of winter, a welcome invasion of sensual impressions.

Santa's visit

Santa made a surprise visit to eight Campbellford children before Christmas, arriving unexpectedly in a half-ton pick-up truck.

The children were amazed at the real beard and big belly, unlike many "Santa's" they had met.

"This must be the real Santa!" exclaimed 10 year old Leanne Pealow. "That is his real belly. I touched it!"

Two year old Brian seemed content just to jingle the bells that hung around Santa's neck like a garland. But, his six year old brother, Alan, snuggled right up to Santa, hoping for candy canes to be given out.

The Radford children were all there too. Thirteen old Amanda, who sat on Santa's big lap, to get her picture taken, was with little brothers Matthew and Robby. Christine O'Brien brought along her two little ones, Melissa and Matthew, but they had to be coaxed

to even get near the huge, awesome-looking, bearded man.

The afternoon ended all too soon, when Santa had to hurry back to Trenton to greet more children, and to return the pick-up truck to his close friend, Brian Johnson, who had loaned it to him. Santa's reindeer were resting for the big night, and his sleigh was being polished, and everyone was hoping for snow to help him along.

Santa became a big hit in Toronto that week as he jokingly entered a Santa-look-alike contest, and won first prize! His picture appeared in the Christmas edition.

Santa says he hopes to start a workshop near Trenton in the next two years, and he welcomes more children from Campbellford and the whole area to come and visit him when it is ready. HO! HO! HO!

The Victorian Order of Nurses for Canada is a national, voluntary, non-profit health organization.

VON believes everyone has the right to comprehensive and compassionate health care.

This includes a commitment to ensuring that, whenever possible, appropriate care is provided to allow people to remain in the familiar surroundings of their homes.

Since 1897, the VON has been dedicated to providing nursing and related services which enhance the quality of life for individuals and families. These services promote independence and maximize strengths.

To-day there are 72 branches across Canada. Each branch provides services and programs which are designed to meet the specific needs of their local communities.

Current services and programs include:

- visiting nurses
- seniors assessment and counselling
- adult day care

- foot care clinics
- volunteer visiting meals on wheels
- occupational health nursing
- placement co-ordination services
- visiting homemakers
- pre-natal education
- health maintenance clinics

To meet the challenges of the future, VON is developing new concepts for service delivery to accommodate the changing health care needs of Canadians.

VON is continuously expanding

More Able Than Disabled

by Barbara Pealow

VON nurses caring for Canadians since 1897

dingits knowledge and scope of service through research, education, program development and evaluation.

At every level, local, provincial and national, dedicated VON volunteers and professional staff provide a unique and valuable investment in the growth and development of our Canadian health care system. VON nurses are known for their competence and efficiency... and noted for their understanding and compassion.

NOTE: I, personally, have seen for myself, days and

nights, when the VON nurses have tended to the elderly, disabled and chronically ill with dignity, compassion and determination. Their matter-of-fact outlook coupled with their respectful and considerate manners make people feel at ease, with no embarrassment.

They are very informative and they will readily and gladly answer any questions that you'd like to ask, leaving you worry-free. The best part is that you look forward to seeing them again.

500 new fisheries management projects

Ontario's Sport Fishing Licence Program generated more than \$9 million in its first year, enabling the Ministry of Natural Resources to create more than 500 new fisheries management projects.

A review of revenue and expenditures generated by the 1987 program is now available in the first annual report of the Ontario Fisheries Advisory Council. The report covers the fiscal year April 1 1987 to March 31 1988. It includes revenues generated from the beginning of sales in November '86 to March '87.

The council has served an effective first year as an independent advisory group," Minister Vince Kerrio said. "I look forward to its continuing role in ensuring that our provincial fisheries management program is appropriately expanded under the new licence program."

The council was established in June 1987 to advise the Minister on sport fishing revenues and expenditures, and on MNR's fisheries management program.

"It's important to remember that the council is outside the MNR, but has specific terms of reference established by the Minister; and operates solely by advice recommendation."

to the Minister. For those reasons, council members felt it important that the report indicate both the council's recommendations and the Minister's response to them," said the chairman of the Fisheries Advisory Council, Ed Crossman of the Royal Ontario Museum.

The report indicates that for the 1987 licence, MNR received \$9.3 million from November 1986 to March 1988, and allocated \$8.9 million based on estimated revenues. The allocation funded 565 additional fisheries management projects and created 40 permanent staff positions - 19 conservation officers, 16 biologists, 2 administrative clerks, 2 researchers, and 1 fisheries technician.

The allocation to the licence program for the current fiscal year has been increased to reflect the difference between revenues received and those allocated to support the 1987 licence program.

Key fisheries projects included inventory and assessment to gain more knowledge needed to increase fishing seasons and catch limits; population and habitat management to create and improve spawning sites; building fishways to gain access to new spawning areas; and expanding the operations of the enforcement staff.

Single copies of the report are available at no charge, from the MNR district offices and from MNR's Public Information Centre in the Whitney Block, Queen's Park, Toronto. Bulk orders will be charged \$2 per copy.

KINSMEN MOVE BINGO

The Kinsmen Club of Campbellford recently moved their BINGO from the Legion to the Campbellford/Seymour Agricultural Society Arena.

This move provides the handicapped with the opportunity to come out and have some fun, as there are wheelchair ramps from the parking lot to the upper warm room where the BINGO is held.

Many cash prizes can be won, as well as Nevada tickets for sale, and a snack bar. The Kinsmen BINGO is held on Thursday nights and starts at 7:30 p.m. so arrive early to get a good seat, or good spots for your wheelchair.

The Kinsmen television BINGO (KINGO), is now on Wednesday nights on Cable Channel 4.

PROUD

There's a new magazine on the market for the disabled called "PROUD", edited and published by Max Crittenden, a veteran newspaper man who worked for a large Toronto paper until forced to retire due to multiple sclerosis. If you'd like to subscribe to PROUD, write to:

Crittenden Publications, 3 Massey Square, Suite 3104, Toronto, Ont. M4C 5C5.

A subscription is \$12.00 Canadian, add \$7.50 outside Canada.

CHOW! See you next week.

YOUR BUSINESS**Big news for small business**

There's a revolution taking place in the Canadian economy. While some big companies are divesting themselves of money-losing subsidiaries and trimming employees from their ranks, the small business community is thriving.

Don Eastcott, managing director of the 6,000-member Canadian Organization of Small Business, says one of the main reasons small businesses are flourishing is because they are more flexible than bigger and more bureaucratic corporations.

"When the owners are on the shop floor, they work harder and can make decisions more quickly," says Eastcott.

"And as our society continues to get wealthier, that means there are more opportunities for small businesses to find a niche for their product or service."

Defined as companies with less than 100 employees and less than \$2 million in annual revenues, the small business sector has clearly become the engine of our economy. From 1978 to 1986, small firms

accounted for 73 per cent of net job creation in Ontario.

Starting today, this newspaper will be running a weekly column that will address small business issues and give advice to people who are just starting out or who have been in business for a while. We can't answer all your questions or solve complex tax and legal problems, but we can lead you in the right direction and possibly make a few points that you might otherwise have overlooked.

Some of the topics will include how to prepare a business plan, options for start-up financing, finding and managing employees and choosing a business location.

Small businesses are flourishing for three major reasons:

1. The rate of change in technology and markets has given an edge to small, innovative and flexible firms.

2. Fierce competition is forcing large organizations to slash their manpower in an effort to control costs. As a result, many experienced people are becoming entrepreneurs.

3. The "lean and mean" style of management popular in big companies frequently forces them to do sub-contracting to small businesses.

It's clear then that there are many benefits and challenges to being self-employed. But in order for small businesses to be profitable, they must be well run and efficiently organized.

So if you're a small business owner or a budding entrepreneur, this column is for you. See you next week.

Destinations East: Capital Assistance

The Ontario Ministry of Tourism and Recreation will make interest and principal-payment deferred loans available for up to five years. These loans will be for renovations and expansion of tourism facilities in eastern Ontario.

Eligible operators include licensed, commercial accommodations: campgrounds that supply a percentage of their sites to transient campers; commercial ski resorts; and tourist attractions that draw large numbers of people.

Priority will be given to projects which address the travelling needs of the physically challenged and to applicants participating in Tourism Ontario's Grading Program.

Funds will be loaned for up to half the cost of renovations, or \$100,000, whichever is less.

Expansions will be funded for up to half the project's costs or \$150,000, whichever is less.

The Capital Assistance Program is part of Destinations East, a seven-part tourism initiative designed to improve tourism and recreation in eastern Ontario.

Boys facing charges after alarm pulled

by Janice Pinke

Three male students at CHSS might possibly be facing charges after the fire alarm at the school was set off last Tuesday (Jan. 10th) afternoon. The Madoc Village fire

department responded to the call at 2:46 p.m. What they found was that one of the school's fire censors had been heated by a cigarette lighter.

The alarm, set off in a boys' changeroom, resulted in Madoc OPP being dispatched

to CHSS. The changeroom, at the time, was occupied by a boys gym class.

The boys' instructor, after being notified that the alarm had come from his changeroom then locked his class,

totalling 10, in the room once the alarm was determined to be a prank.

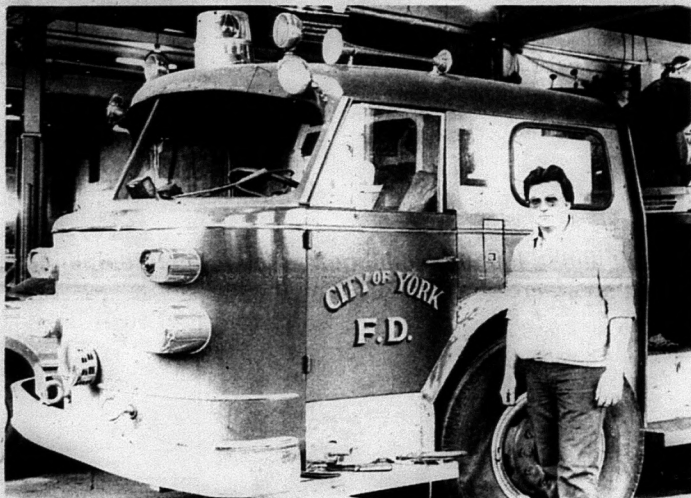

Fire Chief Roger Snider says with all 10 boys facing possible charges the guilty 3 then came forward.

Three people were required

to set off the alarm because the school's alarms are adjusted to the ceilings in the school.

An electronic board, located in the Custodian's office at CHSS indicates where an alarm originates.

OPP are still investigating.

An 80 foot ladder housed on this old fire truck will also have to be painted. Between 40

and 60 man hours are required to restore this antique which has come here, to Pigden's,

from York, Ontario.

by Janice Pinke

Beer to be sold at the cornerstore in Kaladar

by Janice Pinke

This summer you will be able to buy beer at the cornerstore in Kaladar.

It's a pilot project sponsored by the LCBO. The decision as to which store will sell the alcohol in Kaladar has not yet been decided.

Tony Willemssen, owner of Madoc's Beckers, when asked if he would sell beer in his store responded saying "no, never". Even if he could get the service Tony says he wouldn't take it.

Northbrook, located an estimated 7 miles north of Kaladar, houses Kaladar's closest LCBO store. On a bad day it's 20 minutes away.

Dave Roberts, owner of the Kaladar Motel, says "people are going to buy beer whether it is here in Kaladar or somewhere else: we'd like the people to be able to come here".

The LCBO has been successfully instigating the same program in northern Ontario. Four other southern communities have been chosen to test this pilot project besides Kaladar.

It is believed the LCBO will commence this southern portion of the project on the 1989 May long weekend. Several businesses have expressed interest in adopting the project.

Turning old into new

by Janice Pinke

Don Adams, body shop foreman at Pigden's Motor Sales Ltd., stands beside a 1968 fire truck which Pigden's, Don, and the other body shop employees have been commissioned to restore.

The city of Etobicoke, west of Toronto, were the first to hire the body shop services at Pigden's approximately a month ago.

Since then the city of York has joined Etobicoke here in Madoc thus restoring and keeping the older trucks in service.

since.

Don attributes Pigden's fame to their "low prices and the kind of job done".

For the same job in Toronto, labour costs are basically doubled.

A new fire truck costs

anywhere from \$180,000 upward.

These trucks currently housed at Pigden's are picked up and delivered by those commissioning the body shop at Pigden's.

We should be proud!

Firefighters called to Madoc Hotel

by Janice Pinke

A tradesman working on some brass piping at the Madoc Hotel and not using a wall shield was the cause of a small fire there this past Saturday evening.

The Madoc village fire department was dispatched to the hotel at 6:48 p.m.

Earlier that afternoon some brass piping in the adjacent storefront south of the hotel had required some saundering.

Kelly Bailey, residing

upstairs, smelled smoke, investigated and the fire department was called. "It could have been alot worse" said Fire Chief Roger Snider "especially if the fire had started after those people upstairs had gone to bed".

Mr. Bailey had, managed to control the fire with a fire extinguisher by the time volunteer firefighters arrived. The firefighters remained making sure that all of the smouldering was out.

12th Annual Cooper Winter Carnival

by Janice Pinke

Next weekend, January 26th to the 29th, the village of Cooper will host it's 12th annual winter carnival.

Up until a few days ago carnival organizers were optimistic that there would be the needed snow to continue with scheduled snow events and after last weekends snowfall it looks as if they may be right.

GOT A GOOD EYE?

A .22 calibre and a good eye are required to enter the 4th annual shooting match. Marksmen can register Saturday the 28th at 1 p.m. All carnival events will originate out of the Cooper Community Centre, 10 miles north of Madoc on county road 12.

A ladies class is again integrated into the competition and the John Raftus Trophy for best marksman, as in the past, will be up for grabs.

CITIZEN OF THE YEAR

The only scheduled event not to be held in Cooper is a dance hosted by the carnival. Beginning at 9 p.m. Friday (Jan. 27th), there will be door prizes and spot dances. The dance is being held at the Madoc Township rec hall in Eldorado. At sometime during that evening carnival organizers will announce the Cooper Citizen of the Year.

Tickets have been on sale for the last couple of weeks for the Carnival's annual draw. This year you could win a color TV (1st prize), a 6 piece X-country ski outfit (2nd prize) or a mens or ladies quartz watch (3rd prize). The draw for all three will be made Sunday afternoon at 1:00 p.m. Contact the Review to find out where to get your tickets.

For a full listing of Cooper Winter Carnival events read next weeks copy of the Madoc Review.

See you there.

THEY'RE FAMOUS

But how did these guys at Pigden's - so far from Toronto - get soooo famous?

Don Adams says that last year his staff did some work for the Madoc Village and Huntingdon Township fire departments. An inspector who sells parts for the engines across Ontario was so impressed with the work he witnessed by Pigden's that he has been recommending them ever

News from...

Madoc Township School

by Monica Tobin

VISITORS AT THE SCHOOL

Carol Grosjean from central support was at our school on Wednesday. She met with different members of the staff to discuss whole language and how it is being implemented in the class rooms.

Ms. Gloria Gilham was at the school on Wednesday to meet with the school personnel working with special needs youngsters. Ms. Gilham reviewed and helped to add direction to the school's efforts in speech and language for

these students.

PRIMARY MEETING

On Tuesday, the Primary teachers met with Mrs. Gayle Ketcheson, our librarian to make the teachers more aware of all the materials available in the library.

MUSIC

Mr. Johnston's music classes have started and will involve grades 4-6. Already some great voices are being primed and tuned for possible choir formation in the spring.

GRADE

Mr. Johnston also wants to expand the recorder program for those students who plan on taking instrumental music in their future academic careers.

Injured workers meeting

The January meeting of the Quinte Injured Workers will be held in the lecture theatre of Centennial Secondary School, 160 Palmer Rd., Belleville at 7 p.m. on Monday, Jan. 23. Everyone welcome.

COUNTDOWN

Join our course to Quit Smoking. Send a \$20 deposit to the Madoc Health Unit, attention Kay Peacock, along with your name and telephone number, for the quit smoking course to be held in the Madoc area.

The total cost for the course is \$95.

For further information, call Mrs. Kay Peacock at (613) 473-4247, and register now.

Village road crews were, according to the man rising from below (?) Madoc's Durham St. south, "flushing the sewers" last Tuesday (January 10th).

Marmora IODE donate to CHADS

by Janice Pinke

Eileen Demorest (l) and Audree Wentworth (r) of the IODE Marmora chapter were in Madoc last Tuesday presenting the Centre Hastings Adult Day School a cheque for \$300.

Fran London (middle), one of the school's teachers accepted the donation which will be used to purchase a VCR for the school.

The IODE chapter in Marmora, formed in 1942, is currently winding down it's operation after 46 years.

The basis of this group, the Independent Order of Daughters of the Empire, as it was known when it was estab-

lished, was to send needed supplies, especially socks according to Eileen and Audree, to men serving overseas during World War II.

IODE Marmora is also credited with having issued interest-free loans to local students wanting to continue their education.

IODE had originally requested that their monetary donation last week to the Adult Day School be used to purchase books for the students. After a brief meeting, all those involved agreed that VCR's are currently making a breakthrough as a valued educational tool.

Queensborough News

by Goldie Holmes

The Sager store has changed hands with Don and Dorothy Burshaw as new owners. A number of friends and relatives had a surprise party in the store on Saturday night Dec. 31 for Bobbie Ramsay on her retirement. Best wishes are extended to her on her retirement and to the new owners, the Burshaws.

Mr. & Mrs. Raymond Declair and Mrs. Jessie Holmes attended a birthday party on Jan. 8 in Madoc Legion Hall for Mrs. Verna Empey and Mrs. Vera Wannamaker who are twins. They are

the children of the late Fred and Molly Holmes.

A number from here attended the visitation to the late Ed Barcier in the McConnell Funeral Home, Madoc.

Mr. & Mrs. Alex Clarke spent New Years day in Madoc with Mr. & Mrs. Paul Downey and family and other relatives.

Mrs. Arthur Holmes spent New Years day with Mrs. Evelyn Rollins in Madoc. Mrs. Betty Workman was also a guest.

Queensborough W.I. held their regular meeting in the recreation centre on Wednesday Jan. 11.

How do I quarrel?

John Riebe has told the story of two monks who had lived together in concord and amity for years. The monotony of their manner of life finally moved one of them to say, "Let us get out of the groove of our humdrum round of daily tasks and do something different: let us do as the world does." Having lived the sequestered life so long, the monk inquired, "What does the world without do?"

"Well, for one thing, the world quarrels", the other monk replied.

Having lived together so long in the bondage of a holy love, he had forgotten how to quarrel, so he queried, "How does the world quarrel?"

"So the other monk replied, "See that stone. Place it between us and say, "The stone is mine."

Willing to accommodate his friend, he said, "The stone is mine."

Pausing for reflection and feeling the compulsion of their

years of friendship, the monk who suggested the quarrel concluded, "Well, brother, the stone is thine, keep it." And thus ended the quarrel.

The writer of Proverbs has said, "Starting a quarrel is like breaching a dam; so drop the matter before a dispute breaks out." (Proverbs 17:14 NIV) Obviously, the monk who suggested the quarrel, felt it was better to drop it before a real dispute broke out.

There are no benefits to quarrelling; only detriments. At stake in quarrels are relationships that we should treasure; not destroy. By playing the fool and starting a quarrel, we endanger both parties involved. Neither ever gains a victory. Instead, both may become like the two deer that locked horns in Germany and died because they could not free themselves.

Beneath the surface, where the roots of quarrels dwell, we find jealousy, envy, malice.

APOLOGY TO THE ONTARIO FEDERATION OF ANGLERS AND HUNTERS

On July 19, 1988, as a result of a meeting held at Northbrook on July 12, I wrote an "Open Letter to the Land O' Lakes" which was published on July 27. The letter in question was a personal attempt by me to dispell what I considered to be certain misconceptions which had arisen with respect to a discussion paper regarding a proposal for the creation of the Madawaska Highlands Regional Trust.

I would like to retract the statement that the two speakers from the Ontario Federation of Anglers and Hunters made untrue and misleading statements and that the purpose of the meeting was to mislead the public and to generate emotional opposition to the Trust proposal.

The emotional nature of the issues caused me to exceed the bounds of propriety and I apologize to the Ontario Federation of Anglers and Hunters, and in particular to Dr. Terry Quinney and Mr. Jack O'Dette for any embarrassment or distress my remarks may have caused.

Ted Mosquin, President,
Canadian Parks & Wilderness Society.

THANK YOU Queensboro & Area Residents

After 32 years of stocking shelves, I have decided to retire.

Sager's General Store has been purchased by Don & Dot Burshaw and will be operated as "Queensboro Market Place".

Allan and I appreciated the patronage and value the friendships that have developed over the years. We know the community will welcome the new owners with their continued support and our best wishes for the future.

BOBBIE & ALLAN RAMSAY

How do I quarrel?

Cont'd from page 7
and conceit. Such a basis for contending can hardly be deemed pure.

Understanding that quarrelling has no value and only ruins those who listen, biblical writers lend us some pertinent counsel about quarrelling.

With the words of the Apostle Paul, I will close this article. May we take his instruction to heart.

"Don't have anything to do with foolish and stupid arguments, because you know they produce quarrels. And the Lord's servant must not quarrel; instead, he must be kind to everyone, able to teach, not resentful." 2 Timothy 2:23-24 NIV

OBITUARIES

Edward Lewis Barcier of R.R. 3, Madoc, passed away suddenly on January 5, 1989, at age 59.

He was born in Cornwall, the

son of Edward & Pearl Barcier.

Marguerite Madeline Quinn, 85 St. Lawrence St. W., Madoc, Ontario passed away at Kingston General Hospital on Friday, January 6, 1989 after a brief illness. She was 71 years old.

Mrs. Quinn was born in Huntingdon Township, the daughter of the late Thomas and Adelaide Lahey.

She is survived by her husband Michael Eugene and daughters Pauline Bednar, Omaha, Nebraska, Mary Rita Gorjan, Bath, Patricia Hudson, Kingston and predeceased by son, Thomas, also four grandchildren Bob, Lori, Aaron and Merrick.

Mrs. Quinn was the sister of Geraldine Courneya, Madoc; Pauline Dudgeon, Cooper, Amelia Campbell, Marmora, James Lahey, Madoc, Evelyn Fulton, B.C., Patricia Carman, Nova Scotia, Gerard Lahey, Saskatchewan, Terrance Lahey, Scarborough and the late Rita Lahey and Tommy Lahey.

She was a member of Sacred Heart of Mary Church, Madoc, and also the Catholic Women's League.

The funeral service was held on January 9, 1989 at 3 p.m. at the Sacred Heart of Mary Roman Catholic Church, Madoc with Father R.J. Chisholm officiating. Interment was at Sacred Heart Cemetery, Madoc.

Pallbearers were Jamie Lahey, nephew and James Allore, Bill Williams, Fred Quinn, Jim Quinn and Herb Quinn.

Annual Norwood Fair dinner Jan. 26

By Isabel Stinson

It's been quite a long time since I wrote about the Fair and the activities concerning the fair. You get saturated with the fair during the year, and I sometimes wonder if you get sick of all the fair talk that I throw at you.

We can't have that happening, you know. We need you and your support and we don't want to turn you off.

Annual dinner plans

The executive met last Monday evening to plan the Annual Dinner and Awards Night to be held on January 26. Take a look at the classifieds for all the details.

Harold took some tickets to the Norwood Home Hardware last week. Alex tells us that he has so little time to give to the Fair that he doesn't mind helping us out by handling the sale of the Annual Dinner tickets. We just assume that you people will likely make a purchase when you go in to pick up your tickets.

Hendrina Parcels takes care of the trophies and awards for the meeting. Some awards are new each year and others have to have plates engraved to bring them up to date. This is one part of the Annual Dinner and Awards Night that must go without a hitch. Hendrina has handled this task for many years and we rarely have problems there.

Not all of our award winners are local people. We hope the ones from out of town will be able to accept our invitation to come. At this time of year, weather can be a problem too.

Of course, our big winner that evening will be the Agricultural Award winner. Only our president, Robert Stockdale, Harold and I know who this person is. All I will tell you now is that it is high time this person won this award.

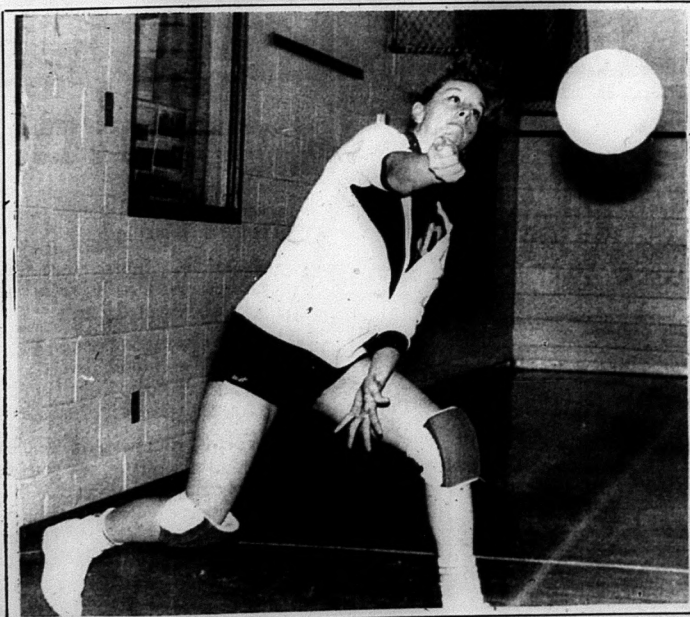

At the conclusion of the evening, Ron Scott will be showing a video of last year's Fair. It will catch a few of us at our natural best (or worst) I am sure.

Colleen Terpstra and Bill Freeman have taken many pictures of last year's Fair. We will put them at the back of the church. You might like to order one or two.

OAAS annual convention

The Ontario Association of Agricultural Societies is holding its annual convention in Toronto in February. We are planning on sending delegates again this year as we have other years. I have a copy of

Landfill methodology "undemocratic"

The methodology of selecting a waste management system in Peterborough County is not very democratic. Ennismore environmentalist, Irwin Karnick said at the plenary session of Saturday's waste management workshop.

There are other "profitable, healthy and economic" ways of dealing with waste, he said. "What this does is set up a fait d'accompli, Karnick said. "A fait d'accompli we can no longer afford."

Workshop groups, he said, seemed to be concerned whether an engineered site would be safe.

"I categorically state to you that landfill sites are not safe and they are still not safe no matter how all they are engineered."

Landfill sites never will be safe, he said.

There is only one safe way -- waste reduction, Karnick told the participants. But because waste reduction is a political problem, with jobs at stake, recycling is not pursued as it should be.

There is no quick fix, he charged.

"There are more efficient ways of dealing with waste than looking for a quick fix," Karnick said.

Landfills and incinerators

Cont'd on page 8

The Norwood Senior Girl's volleyball team hosted a six-team tourney Wednesday afternoon at NDHS with Cobourg West finishing in top spot with nine pts.

Close behind the girls from West were the seniors from Cobourg East who racked up seven pts followed by St. Mary's with six pts. Norwood played tough finishing with five pts. They defeated St. Mary's, Campbellford and Cobourg East.

Also compiling five points were the girls from Port Hope. Campbellford trailed with two points.

Your Heart. The healthy heart is a very strong organ. It is only about the size of a large fist. But most of its bulk is muscle. Its one job is to pump into the arteries the blood returned to it by the veins. All the cells in the body depend upon the rapidly circulating blood stream for oxygen and nourishment, and for removal of wastes.

Your blood makes up only about 8% of your body weight. But, to keep that blood in circulation through miles of blood vessels during an ordinary day of work, play and rest, the healthy heart pumps many, many hundreds of gallons of blood at an average daily rate of 70 to 80 strokes a minute. Its normal pumping action is a continuous series of regular contractions and relaxations - beat, rest, - beat, rest, - beat, rest.

Stroke: This circulatory disorder affects many people, not only the aged as it is commonly believed. What is a stroke? If the blood supply to part of the brain is reduced or completely blocked, a stroke occurs. Nerve cells in that part of the brain deprived of blood, cannot function. As a result, part of the body which these nerve cells control, also cannot function normally. When this happens, a person may become partially paralyzed, and may have difficulty speaking.

It's a fact that heart disease is widespread in this country. More than two million, five hundred thousand Canadians of all ages have some form of cardio-vascular (heart and blood vessel) ailment. More than half of all deaths each year are due to heart and circulatory diseases. About 35% of these occur among people 45 to 64 years of age.

The Campbellford Seymour Chapter of the Heart and Stroke Foundation invites you to a "Healthy Heart Fair" on Saturday, Jan. 21 at St. John's Church auditorium. Everyone is welcome. It is free. The time is from 1:00 p.m. to 4:00 p.m. There will be a blood pressure clinic, videos, "jump rope for heart" demonstrations (example C.P.R.), "Dance for Heart" refreshments. Come and make it a family affair.

ONTARIO'S CONSUMERS CENTRE IS ACCESSIBLE
From the Ontario Ministry of Consumer and Commercial Relations

In an increasingly complex marketplace, one of the best tools at consumers' command is up-to-date information. This may explain why the Ontario Government's Consumer Information Centre is expected to receive a record number of calls this year.

We handled more than 156,000 inquiries last year from Ontario residents on topics

More Able Than Disabled

by Barbara Pealow

The Beat Goes On

ranging from car repair to starting a small business, and the numbers of calls and visitors is up again this year," said Ted Brathwaite, manager of the Ministry of Consumer and Commercial Relations' Consumer Information Centre. "We function as a clearing-house for the ministry."

In addition to calls, the Centre receives about 100 visitors a day. "We're successful because we're accessible," says Brathwaite. "The walk-in centre is located next to public transit and parking, and has wheelchair access. Our

services are bilingual. And there's a special telephone line for the hearing and speech impaired."

Brathwaite believes that consumers are becoming more aware of their rights and responsibilities. Indeed, the Centre's 550 daily calls include many from consumers trying to learn as much as possible about a product or a service before buying. Generally, people call the CIC for help. "We receive a lot of calls about credit, banking, liens, travel... the whole spectrum of consumer's concerns."

Since the Centre can refer callers to the appropriate ministry office, or, provide information on the various laws and regulations, a call to the Centre represents a time-saving information and referral service for small business owners and entrepreneurs.

"We cannot legislate good consumer decision-making, but we can help teach it," Brathwaite said. "Our education outreach program helps educators to teach consumer skills and awareness of consumer rights and responsibilities."

Brathwaite says visitors are welcome to use the Centre's extensive consumer library and resource centre for reference.

The program provides workshops and seminars for teachers throughout the province; consultations in person, by telephone and mail; and a quarterly newsletter for educators. One of the Centre's most popular and widely used resources is a teacher's manual on consumer rights and responsibilities, which covers all age groups and all applications.

For information on ministry programs and services including pamphlets, and information on current consumer issues contact the Consumer Information Centre, 555 Yonge Street, Toronto, Ont. M7A 2H6, or phone (416) 963-1111.

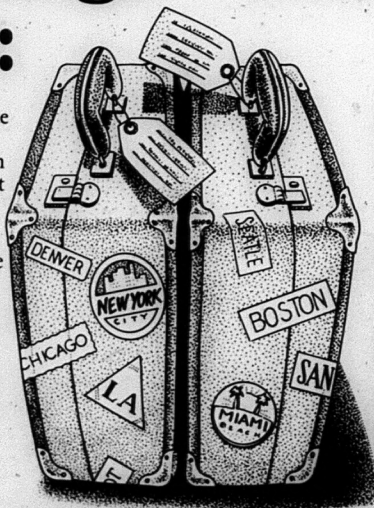

The TTYTDD line for the hearing impaired is (416) 963-0808 and collect calls will be accepted.

FREE TRADE AND THE TRAVELLER

The Free Trade Agreement will gradually eliminate customs duty between Canada and the United States.

Some things change:

- The duty on some Free Trade goods will be eliminated immediately while the duty on other goods will be phased out in stages.
- Only goods which are of U.S. or Canadian origin will be eligible for lower Free Trade Agreement duty rates.
- The goods must have been acquired in the U.S. and must have no mark or label indicating the goods were produced in any country other than the U.S. or Canada.

Some things don't:

- Current personal exemption levels do not change.
- Restrictions on the duty and tax free amounts of alcohol and tobacco remain in effect.
- Free Trade goods exceeding personal exemption levels remain subject to federal sales and excise taxes as applicable.
- Before your next trip, we'll be glad to tell you the duty payable on the goods you intend to bring home. We're here to help, that's something that will never change!

Call your local Canada Customs office or your regional Canada Customs office (613) 993-0534 during regular business hours, evenings and weekends (613) 998-3326 or our National Hotline at

YOUR BUSINESS

Writing a Business Plan

Trying to start a business without a proper business plan is like trying to travel through uncharted territory without a map. Pretty tricky to figure out where you're going.

It is critical, in fact, to have a comprehensive business plan for a number of reasons. Unless you have a clear written profile of the company's expected performance and prospects, it's virtually impossible to get any financial backing, apart from family largess. What's more, putting it down on paper makes it easier to judge whether the venture is about to begin with. And, once you are established, the plan serves as a good reference to track performance.

Although it is not a legal requirement, a formal business plan is pretty well deemed mandatory by the financial community. Gary Angst, a consultant in a Small Business Branch of the Ontario Ministry of Industry Trade and Technology, points out that it is foolish to approach a banker with only some preliminary calculations. "Some people actually jot numbers on a napkin or on the back of a cigarette package; not surprisingly, they don't get more than the time of day from the banks," he says.

Angst covers the province each year giving numerous seminars to prospective entrepreneurs on how to develop a sound business plan. "A typi-

cal business plan begins with a summary of your operation, your idea, the market need, the amount of capital required and the projected financial results," explains Angst. "Your plan must make sense on paper before you dip into your wallet and get involved in a business."

To help you create a valid business plan, the Small Business Branch of the Ministry of Industry, Trade and Technol-

ogy provides three, low-cost, comprehensive guide books that cover business planning for the manufacturing, retailing and service sectors. These booklets contain forms to be filled out. Once completed, they provide a blueprint of your management, marketing and financial capabilities, solid groundwork on which potential investors can build.

Back to our own planned activities at home.

There is a good chance 4h3t there will be another building erected this year. We are not sure what type it will be at the present time, but the Property Committee is working on the different possibilities. We are in good financial shape, as you will see when you come to the Annual Dinner so now is the time to consider improvements.

Barbara Sherwin, President of Homcraft, hopes to have a preliminary list available the night of the Annual Dinner. By the time that you read this, the Homcraft Division will have held their Annual meeting. They will probably have a

the agenda and it looks as if it will be a busy time. There are 18 workshops starting at 8 am Thursday morning of the convention. I expect our delegates will be attending as many of them as possible.

One of the most important sessions will be the one concerning the new grant proposals. I will certainly have my years and pencil ready for that one.

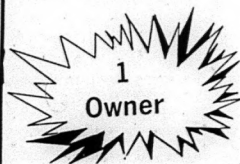

I know conventions are expensive but they are gold mines of information. You just have to go after it. report of this meeting in next week's paper.

That's all for now. All the best to all of you for the new year.

The beef report

In Feb. 1988 the Honourable Jack Riddell commissioned a study dealing with beef production in Ontario and marketing systems.

The mandate read as follows, "To assess the changing market needs and to investigate all marketing options with the objective of developing a plan of action aimed at achieving a long-term viable beef industry in Ontario."

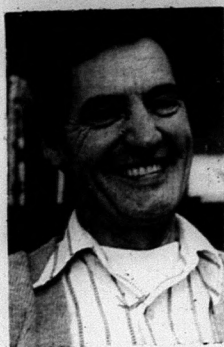

This report is now out and I would suggest anyone in this business should become familiar with it and make comment if they have opposing views on the content or recommendations.

It is rather lengthy as are most reports, 155 pages but is in my opinion readable and comprehensive. There are a total of 56 recommendations dealing with all aspects of the industry from marketing to grading. To try to deal with it here is an impossibility. The proposals for grading by carcass fat, cutability etc. could have long term effects, although I believe these would be an improvement to the system.

Marketing by rail, community livestock barns, Ontario Stock Yards in Toronto have

all along with others been taken into consideration. It may be of interest to note a recommendation for Toronto

the Beef Producers for Change Ins. and OMAF should be responsible for conducting the vote.

The Rural Scene

by

Ken Yarrow

controlled regulatory agency, with power to set prices based on the cost of production and set supply, or want to continue Stock Yards to become self supporting. Recommendation number 55 is of particular interest and one that will probably need immediate attention.

"It is recommended that the producers of Ontario vote on whether they want a producer with the current market driven industry. OMAF should develop the wording of the vote in consultation with the Ontario Cattlemen's Association and

MEMORIALS

CAVERLY, Gerald - In loving
memory of a dear father and
grandfather who passed
away January 22, 1984.
A thousand prayers won't
bring you back,
I know because we cried
the hardest thing in life to
bear.
To want you Dad, and
you're not there.
With a broken heart we
miss you.
God bless you Dad, we love
you so.
As long as we live we will
always be glad
that you were our children.
And you were our Dad.
Lovingly remembered by
Raye, Dorothy, Ken, Pat,
Dean, Linda, Cathie, Roy &
families.

HANNAH - In loving memory
of our dear grandfather, Roy, who
passed away January 17th,
1988.

In a peaceful graveyard,
where the gentle breezes
blow,
Lies the one we love so
dearly.
Whom we lost one year ago.
His resting place we visit,
And put flowers there with
care.
But no one knows the
heartache,
As we turn and leave you
there.
Our thoughts are always with
you.
Your place in life no one can
fill.
In life we loved you dearly,
In death we love you still.
Lovingly remembered by
sons, Gordon and Floyd,
daughters, Theresa, Rita
and son-in-law Gary.

HANNAH - In loving memory
of our dear grandfather, Roy, who
passed away January
17th, 1988.

To remember you is easy.
We do it every day.
But missing you is a
heartache.
That never goes away.
Lovingly remembered by
many grandchildren and
great grandchildren.

MEMORIALS

HANNAH - In loving memory
of my husband, Roy, who
passed away January 17,
1988.

It is sad to walk the road
alone.
Instead of side by side.
But to all there comes a
moment.
When the way of life divides.
You have me years of
happiness.
Then came sorrow and
tears.
But you left me beautiful
memories.
I will treasure through the
years.
Always loved and sadly
missed by wife, Rosa.

REVIEW EXCLUSIVE

You will have to wait for \$1000 this year

by Janice Pinke

'Millionaires Night', usually held in mid-February, this year won't be held until "probably May 6th", according to one of the events organizers Karen Bailey.

The date change came about when it was found that 'Millionaires Night', which

was to be February 11th, was smack dab in the middle of the minor hockey season playoffs.

The Madoc Minor Hockey Mothers Auxillary hosts the annual 'Millionaires Night' held at the Madoc Kiwanis Centre. It's the major fundraising event of the year for the Madoc Minor Hockey

League.

Karen says this years 'Millionaires Night' in May will have the same format; an elimination draw for \$1000.

Besides the evenings climax of a draw for \$1000, various area businesses are donating other prizes.

\$1000, see ya all there!!!

Queensborough Poker Run
 Story page 2

Students charged for pulling prank

by Janice Pinke

Two of the three male students at CHSS responsible for a false alarm pulled at the Madoc high school January 10th will be charged by the end of this week according to investigating officer Constable Terc.

The two male youths cannot be identified under the Young Offenders Act.

They have been charged with "setting a false alarm"

under the criminal code.

Constable Terc's investigation found that in fact only two boys had participated in setting off the prank alarm. One boy was only required to hold the second boy in the air. Using a cigarette lighter the male in the air warmed a heat censor which are affixed to the school's ceilings.

The two male teenagers will appear in Young Offenders court at the Century Place in Belleville, February 21st.

Back to work

Canada Talc, the talc mining company in Madoc employing an estimated 70 persons, Monday (Jan. 16th) called back to work those employees who had been laid off last year. November 7, 1988, approxi-

mately 12 underground workers were laid off. All 12 were called back Monday.

These employees, whose contracts are up in May, are members of the Steel Workers union.

Cooper Winter Carnival...
 see page 5

Arthur and Gladys Fleming (seated) celebrated their 68th wedding anniversary last Thursday. The have 4 children (back, from left) Marilyn Mann of Foxboro, Jack Fleming who lives with Arthur and Gladys, Lorraine Adams of Madoc and Don Fleming who was absent due to illness.

Letter to the Editor

Dear Editor

Kaladar Comes of Age (In response to Kaladar's Corner store selling beer)

I was rather surprised to see that Kaladar will have a Beer Store. My wife is from this fine hamlet and my in-laws still reside there. So, naturally, this is of concern to me. This hamlet on the intersection of Hwys. 7 & 41 does not have any of the important businesses. There is no Grocery store, no Doctors Office and no Bank. Even the Ambulance service for the area has to be

dispatched from another town. Isn't it something that this hamlet, that does not boast these other essential services, will now have a Beer Store? What is the government thinking? They're NOT supplying the people with what they NEED!

All I can say is: Don't Drink and Drive, because Northbrook (the closest place with the essentials) is still 7 miles North and that is where you have to drive to.

Pat Walsh

Letter to the Editor

On May 17, 1988, the Ontario Ministry of Natural Resources announced a new provincial parks policy, which severely crippled Ontario's trappers and sportsmen.

The new parks policy is to become effective on January 1st, 1989 and in doing so will severely restrict the activities of 1000's of Ontario's sportsmen.

In the New Year, trappers, hunters and fishermen can expect their activities will be either eliminated, phased out or greatly restricted for 6.3 million hectares of crown park lands in Ontario. If a sportsman normally frequents areas not within the 270 provincial parks and feels he is unaffected by the new parks policy, he should rethink his position. The area he normally frequents will now have to accept all those extra sportsmen who have had their areas taken from them as a result of the new parks policy. Imagine if you were to remove sportsmen from an area the size of Nova Scotia in the interior of Ontario, visualize the implications to hunter safety and competition. In 1989, when you head to the lakes and woods, this will be reality.

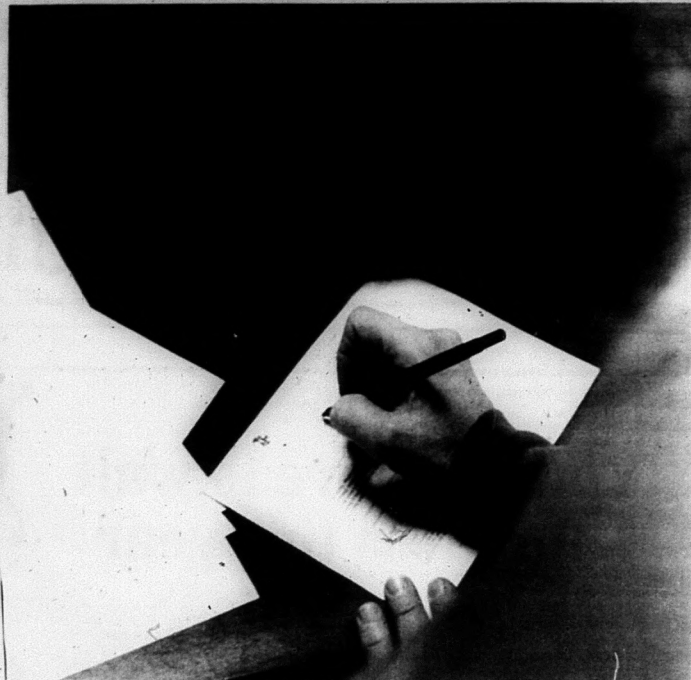

Hunting, fishing and trapping in the province are all subject to strict M.N.R. management guidelines involving quotas, seasons and rules of operation. It has been shown time and again that these closely regulated activities do not deplete fish and wildlife populations, but rather they are the tools which ensure healthy populations. If you have a hard time grasping this reality, I would urge you to call any District M.N.R. wildlife office and ask for clarification. M.N.R. wildlife personnel, biologists and management offices are proud to endorse this management message and continue to abide by management principles despite the new parks policy. In Mr. Kerrio's new parks policy announcement, he has allowed a political decision to convey a contradictory message to the general public suggesting that hunting, fishing and trapping have no place or must be greatly restricted within parks.

Having been reminded of his wildlife staff's position on the need for management, Mr. Kerrio now states that, "Our Provincial Parks will not be without wildlife management". Unfortunately, his version of management is to allow wildlife in parks to become diseased or overpopulated prior to addressing the situation. With the unusually high incidence of rabies reported in the province this past summer indicating an urgent need for fox populations to be regularly harvested, Mr. Kerrio's management guidelines seem ludicrous.

To add to this insanity, in the majority of cases the M.N.R. rely on the services of local trappers in provincial parks to act as nuisance control officers in an attempt at rectifying a situation. In repayment for the trappers' voluntary services in assisting the M.N.R. and the public at large, they are told that, beginning January 1st, 1989, a phase out process of all non-native trappers in all 270 provincial parks will begin.

Ontario trappers and sportsmen, I urge you all to contact your nearest association or federation and band together to oppose a Ministry out of control.

Bob Barnes
Executive Director
The Ontario Trappers Association

Loyalist College night school

If you don't read this until you get back from your vacation you still have time to register for Loyalist Night School at CHSS and if you haven't been away you still

have time. The winter months result in a slowdown of applicants for the Loyalist Night School. Dave Hobson, coordinator of the night school courses says that people are

needed for every course. "you can come into the high school and register anytime". Seniors pay only \$5 to register. CHSS can be reached by dialing 473-4251.

173 register for Queensborough Poker Run

by Janice Pinke

With temperatures around the 35 degree Fahrenheit range this past Sunday, it couldn't have been a more perfect day for the Queensborough Poker Run.

Sunny skies brought out 173 snowmobilers and ATV'ers on Sunday for an estimated 35 mile run lasting about "3 hours".

Marty Lessard of Madoc took the first prize of \$100 dollars. His poker hand contained 4 10's. A hand bearing 4 8's named Bud Monkman

of Madoc the second prize winner of \$50. Third prize of \$25 went to Abby Wigger of Springbrook. Abby held 3 Aces and 2 10's.

Lasting all day Sunday the Queensborough Poker Run winner is not determined on who is the first back from the assigned run. The winner is the person who holds the best poker hand. Each "run" participant receives a playing card when they first start the course, a card when they return and three cards along the assigned course.

DID YOU KNOW...

That the inaugural ball for Bush's inauguration cost an estimated \$25 million. I'd like to hear from an American subscriber on this one! MOST of the money they say, came from the private sector.

That the Cooper Winter Carnival's annual dance is this Friday, beginning at 9 p.m., at the Madoc Township Rec Hall. There's door prizes and spot dances and it costs \$6 to get in.

That you can get a copy of last week's Review, this week at the Review offices, 473-4476.

That the suited man reaching for the shrimps in the Seafood Lobster Restaurant commercial, while reaching, rests the same arm in the rest of the shrimp. Shame on him. Doesn't he know that the book of etiquette states you always take what is closest to you.

That the cake at Bush's inauguration was a fake. Yeah, apparently the real one resulted in a big mess at the ball last year. What are they feeding?

Married 68 years ago January 19th

by Janice Pinke

On January 19th, family and friends gathered at the home of Madoc Village residents, Arthur and Gladys Fleming, to celebrate their 68th wedding anniversary.

Married in 1921, they have 10 grandchildren (5 girls, 5 boys) and 3 great grandchildren.

RETIRED 9 YEARS AGO

Arthur and Gladys, now living at 22 Wellington St. north, in 1980, retired from their lifetime occupation, farming. They lived in the Harts Community northeast of Madoc, on the farm now owned by Jerry Capko.

Arthur Fleming was born in 1899 and married Gladys at

age 23. His earliest recollections find him on the Old Marmora Road where Arthur believes he was born. Although there are no records confirming his birthplace, Arthur knows it was either in or just outside of the western village boundary.

Gladys, 88, boasts of her homestead and birthplace in the Harts Community. The home she grew up in is now owned by Erwin Gogel.

When the Review visited with Gladys and Arthur this past Sunday they were preparing themselves for a Chinese dinner in Havelock as arranged by their daughter Marilyn in honour of their 68th wedding anniversary.

Mrs. Reid Allore, daughter Lorraine and son Jack,

prepared the meals and arranged the anniversary celebration last Thursday. Commemorative scrolls from dignitaries Pollock and

Vankoughnet are expected shortly according to daughter Lorraine.

68 YEARS!!!!!!!!!!!!!!

Another plopper!

by Janice Pinke

Only this time it's a car plopping down into Queensborough's icy cold Mill Pond instead of a cow on a large bingo card.

The Queensborough Recreation Committee is currently arranging a contest which requires ticket buyers to guess the date and time the shell of a car will go through the ice during the Spring thaw. Or will it be sooner?

The car's shell will remain on the shores of Queensbor-

ough's Mill Pond until the recreation committee receives the needed approval from the Ministry of the Environment.

The car must not house any glass or oils and must be removed from the pond when a winner is decided says committee secretary George Thompson.

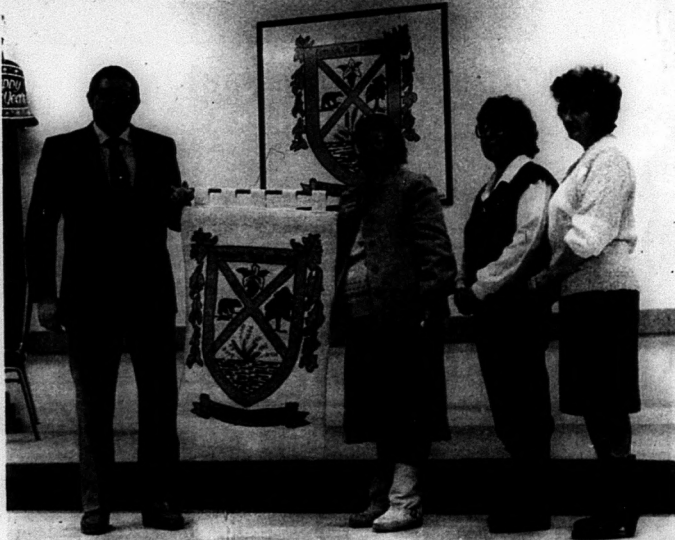

Watch the Review for MOE approval and where you can buy your ticket in the upcoming weeks. Until then become a sort of weatherperson and make a mental note of your date and time.

THE CORPORATION OF THE VILLAGE OF MADOC NOTICE

Effective January 23, 1989 the Village will have two phone lines to better serve your inquiries.

NEW PHONE NUMBERS:
473-5211
473-5212

Doug Parks,
A.M.C.T., C.M.M.I.,
Clerk-Treasurer

Bob Hawley, Chairman of the Madoc Township recreation committee accepts this wall-hanging donated to the hall last Tuesday evening, by the Harts-Riggs Women's Institute. On hand for the presentation from the Women's Institute are (from

left) June Johnson, Lamona Howard and Else Vierich. June Johnson made the wall-hanging which took an estimated 3 months to complete. It's called traditional rug-hooking and June dyed all the materials herself.

Now that there's snow!

Grade 3 student Sarah Wannamaker from Madoc Township P.S. was the first student back from the x-country ski escapade which the school has started to promote physical fitness. Students, after eating their lunch, are now seen gliding through the countryside each lunch hour. All students are encouraged to bring their skis and participate. Rebecca Cromwell had been the first student back the previous day.

by Janice Pinke

by Janice Pinke

Nothing like the real thing

Opening my front door one evening not too long ago left something to be desired. For there, headed straight for me was a large rat. The biggest I've ever seen.

A few days before that however I had been into Sharon's Bouquets and witnessed her cute little stuffed mice which she has sole rights to in this area. These cute little things at Sharon's

had me fooled.

For this big ugly thing headed for me (possibly preparing for an attack) didn't resemble the cute stuffed mice at Sharon's. This live, dog-like, hairy beast, with a tail measuring the same as the body, must've weighed a good seven pounds.

I think I will stick to the ones at Sharon's Bouquets. A Claremont, Ontario company

produces these stuffed mice known as 'mouse mates'. They are made of top quality cottons and laces and each face is hand sculptured as they are stuffed. Sharon's been selling the 'mouse mates' she says "as long as I've been here".

They make the ideal gift for that person who has everything and you don't know what to buy them. (The 'mouse mates' that is.)

Eighty copies in a single day

by Janice Pinke

In a single day, the Philoxians of Marlbank, sold 80 copies of their renowned vegetarian's cookbook, "From Grits to Gourmet".

It happened last week at a bookstore called the "Big Carrot" located on Danforth

Madoc OPP Report

Row in Toronto.

Now being distributed throughout Canada, book sales are estimated at 1500 per month.

The book has also been picked up by America's largest distributor "The Book People" and they recently began distribution of the book in Boston,

Georgia and Pennsylvania, according to co-author Iliah Chickalo.

Iliah says the cookbook is being read by many "as a novel". The book also houses many stories and recipes and is the size of a phone book. "The Book People" who

review approximately 1500 books per year finally selecting 10 to contract for their distribution picked the Canadian vegetarian cookbook "From Grits to Gourmet" as one of that top 10.

Copies are available here at the Review or by phoning Philoxia at 478-6070.

Impaired driving causing death

Charges Laid Against Driver In Crookston Road Crash

Police have laid six charges against the driver of vehicle which was involved in a fatal accident on November 26, 1988 on the Crookston Road just west of Tweed.

Twenty-four-year-old Donald Brian Logan of RR 2, Stirling, has been charged with the following: Impaired Driving Causing Death, Impaired Driving Causing Injury (2 counts), Dangerous Driving Causing Death, Dangerous Driving Causing Injury (2 counts).

Logan is to appear in Belle-

ville Provincial Court on February 26, 1989.

Theft of Ski Doo Motor

Madoc OPP are investigating the theft of a Ski doo from a location in Marmora Township. Lorne Milne of Marmora Township reported the theft occurred overnight of January 16, 1989. PC Stone is investigating.

Fall to Remain:

Madoc OPP have charged a RR 1, Havelock area man with failing to remain at the scene of an accident following an accident in the village of

Marmora. Twenty-year-old Michael J. Seaborn of RR 1, Havelock, was charged and will appear in Provincial Offences Court on March 10, 1989. He was also charged with driving with no insurance.

Snow Removal

Police would ask the motorist public to please remove their vehicles from the roadway following any snowfall. If the vehicle is interfering with snow removal it may be towed away. To avoid this situation, please park vehicles off the roadway.

A different kind of thief

Police Intelligence Information reports a large number of criminal gypsy groups may be travelling throughout Eastern Ontario preying on store owners and our elderly during the next few months.

Crimes committed by these groups of criminals usually fall into two categories. These are:

1. Home Invasions - One person, usually a female, will approach the home of an elderly person requesting a drink of water, use of a telephone or alleging illness. Once this person gains entry to the home, the occupant is distracted while a second person enters, ransacking the house, taking money, jewellery and silverware. These

people are very professional and it may be some time before the theft is discovered.

2. Shoplifting - Usually two or more females will enter a store. One will engage the clerk while the other steals items placing valuables in what is known as a booster bag type apron worn under a full skirt.

The Ontario Provincial Police would like to warn the public of this criminal group and offer the following suggestions:

1. Do not keep large quantities of jewellery or money in your home.
2. Do not allow strangers to enter your home.
3. Store operators are

reminded to maintain a sufficient number of sales staff as this group preys on lone sales clerks by causing a distraction while other members of the group steal valuables.

4. If you should encounter suspicious persons do not hesitate to call the police immediately.

Madoc's library extends a thank you

by Ene Reid

1988 was a busy year at the Madoc Public Library and 1989 looks like it will be even busier! 327 new titles and many fine donations were added to the collection this past year and the staff have found that with 235 new members, the circulation desk is buzzing with activity!

Statistics show that library patrons have borrowed close to 16,000 books and magazines (a sizeable increase of 1,949 units over 1987 figures) and have enjoyed many musical, educational, and craft programs throughout the year.

Library service promises to be even better in 1989. In order to improve library access and

the range of materials available to patrons, the Madoc Public Library has joined in a reciprocal borrowing agreement with Marmorata Union and Stirling Public Libraries. Patrons should now come in, update their membership, and receive a new library card which will allow them to use the collections in these centres. Because materials borrowed

from these libraries may be returned to any of the locations, area residents should find it more convenient to use the library.

The Madoc Public Library would like to thank the community for their continued support and is looking forward to a busy and rewarding year. Why not come and join us?

News from...

Madoc Township Public School

Visitors:

Linda Bond, one of the primary science co-ordinators for Hastings County, visited our school on Wednesday. She worked with many of the staff members, discussing ways that the new curriculum, "Science Is Happening Here" can be implemented in the classroom.

Wally Dever, a member of S.E.C.C. for Hastings County

School Board was at the school. He met with our principal Art Gough, our resource teacher, Wanda Burnside, and parents to discuss children in our school that have special needs.

Skating:

The children at our school are now going skating. Friday was our first time this year and we had a very enjoyable time.

This is part of our physical

education program, and a good way to help keep fit.

Many thanks to the parents who came and helped. We will be going again on Feb. 3rd. and Feb. 10th.

Dinosaurs:

Mrs. Goulah and her kindergarten class with the assistance of Mrs. Sue Morley have been having fun working on a Dinosaur unit.

The children are thoroughly

enjoying finding out about these strange prehistoric creatures.

Snowmen:

This was a great week for snow lovers!

Mrs. Rodine, her assistant Mrs. Cassidy and her junior kindergarten class took advantage of the situation. They spent some time in the school yard building snowmen and painting them. A fun time for all!

Trinity United Church women's meeting

by Viola Wannamaker

The Trinity U.C.W. enjoyed a lovely Pot-Luck dinner at the home of Verna Empey Jan. 18th at 12 o'clock. There were 12 members present. We were pleased to have Annette join us for dinner.

The meeting opened at 2 o'clock with Vera Smith as our Leader and Verna Empey as Secretary. Vera welcomed all present and thanked Verna for having us once more for a

lovely dinner. The meeting opened with Hymn 263 "My Faith Looks Up to Thee." The "Purpose" and 117 Psalm was read in unison, followed with Prayer. The Minutes were read by Verna, also the correspondence.

A card of Thanks was received from Vera Embury, also a card of thanks from the Devolins for serving lunch.

Sadie Holmes gave the Treasurers report for Unit 1, and

Eva Brownson gave the report from the 2 Units.

There will be an Annual Meeting of Presbytery, Feb. 1st at Napanee. We gave the list of members who wanted a Subscription for the booklet of These Days.

A donation of \$10.00 was received from Keitha Parks now residing at Belleville.

A donation of \$100.00 was presented to Quin-Mo-Lac of which we received Thanks. Get well cards were to be sent to our sick members. The Worship Service was led by Lottie Bailey, with A New Years "Meditation." The Hymn 148 "Breathe on Me Breath of God" was sung. The Scripture on Love with 2 Commandments. Readings were also taken from "These Days" followed by Prayer. A reading Throughout the coming year, followed with prayer.

January musings must have a sprig of Mistletoe.

The program was led by Ruby Paraniuk, opening with Matthew 6 "Do you worry" was read, followed by singing "One

day at a time". Closing with The Lords' Prayer.

TOWNSHIP OF MADOC APPRECIATION NIGHT & DANCE FEBRUARY 4, 1989

Held in honour of Mr. John Irwin, who has dedicated over 27 years to the public service of the people of Madoc Township.

Madoc Township Recreation Centre, Eldorado Dance 9:00 - 1:00.

Everyone welcome.

IN APPRECIATION

As you may have already heard or seen, Artie and I have sold our bus operation to Dan Jones in Madoc, a person that many know as "Dan the Man." Artie and I have appreciated the patronage of many people and organisations throughout the Madoc area who have trusted us with their charter bus travel needs through the years.

The charter licence has also been transferred to Dan Jones (613-473-4424) and Artie and I know that, with his past experience in the car business, Dan will be able to handle your future travel needs.

We extend our appreciation to all who made our time as owners of Burrell Bateman Bus Lines and Moira Charters & Tours Inc. a pleasant experience.

We wish the very best to Dan, his wife Karen and son Chevy.

Burrell & Artie Bateman

NOTICE TO CREDITORS AND OTHERS

Creditors and others having claims against the estate of Herbert Thomas Clare, late of the Village of Madoc, in the County of Hastings, who died at the city of Belleville, in the County of Hastings, on the 11th day of December, 1988, are notified to send to the undersigned solicitor for the Executors, Wayne Preston and Deborah Preston, before the 8th day of February, 1989 particulars of their claim in writing after which last date they will distribute the Estate amongst the persons entitled thereto, having regard only to the claims of which they then have notice and they shall not be liable for any part of the Estate so distributed to any person of whose claim they had no notice at the time of such distribution.

Dated at Madoc, Ontario this 10th day of January, 1989.

JOHN W. BAILEY,
Barrister and Solicitor,

91 St. Lawrence St. E.,
P.O. Box 670,

Kaladar

OPP Report

During the period January 1-12, 1989, a total of 24 general occurrences were received at Kaladar Detachment and two motor vehicle collisions were investigated.

General Occurrences:

The general investigations included such occurrences as 12-hour driver licence suspensions, persons driving with 80mgs of alcohol in their blood, liquor violations and domestic problems.

On January 1, 1989, Prov. Const. W. Deroos received a complaint of theft of a Skidoo engine from a machine owned by Robert Wood of Northbrook, Ont. Thieves entered Wood's yard and removed the engine from the Skidoo. Investigation is continuing.

On January 4, 1989, Prov. Const. G.B. Price received several complaints of NSF cheques from businesses in the Northbrook area. These complaints are presently under investigation.

Traffic:

The two motor vehicle collisions reports were of a minor nature and classed as non-reportable.

Motorists:

With the adverse weather conditions this winter we strongly recommend that headlights on vehicles be used during daylight hours. This safety practice will increase your visibility to other motorists and pedestrians using the highways.

Queensborough Women's Institute

by Evelyn Lynn

The January meeting of the Queensborough Women's Institute was held in the hall on Wednesday evening January 11, with Mrs. Sandy McNeil as hostess.

The President, Mrs. David Gordon opened the meeting in the usual way.

The Roll-Call "Something the younger generation has taught you" received a variety of answers. There were 13 members present. There was a short business discussion, a thank you note was read from the Thompson family for lunch served at Miss Hazel Thompson's funeral.

Mrs. Alf Sutton, Family and Consumer Affairs Convener was in charge of the program. "Then and now". A reading was given on the old times and now, by Mrs. Sutton and Mrs. Ramsay. The reading being from a book published in 1904.

Mrs. George Best read the minutes of our organization in 1948 and also read the names of

the people who had joined at our first meeting.

An old time waltz was done by some of the members to the tune of the Tennessee Waltz followed by a modern version of dancing.

Mrs. J. Bagshaw gave a demonstration on an old spinning wheel, spinning from the wool in natural form, first carding it and then finishing on the wheel. She mentioned different kinds of material which can be used, angora from goats and rabbits and alpaca, also some kinds of silk as well as sheep's wool.

Mrs. Alf Sutton read an article on what scientists are doing in experimenting with new ways to help cure modern diseases.

Mrs. Best gave a talk on her work at the Health Unit and mentioned how much improvement has been made in controlling contagious diseases. Some have been almost completely controlled.

The meeting closed with the "Queen".

Happy Wanderings

by Viola Wannamaker

The Happy Wanderers' Sr. Citizen Club have returned again for the first meeting of a new year Jan. 11 at 1:30 p.m. There were 28 members present.

The meeting opened with singing of "O Canada" with Jean Bailey at the piano. The president Laura Hannah read a poem, A Christmas prayer of a 5 year old girl. A thankyou card was received from John Murphy thanking us for a donation we gave him when he visited a church where he had built a shrine with a statue of Mary inside with lights on either side. The money will be used for rose bushes to be planted around the shrine. We are invited to the Presbyterian basement for our next Sr. Citizens dinner and meeting. The treasurer's report was given by Betty La Palm and Francis Taylor gave the bus report. The next bus trip will be to the Quinte Mall to the show at the cinema Jan. 30, entitled "Kiss Me Kate". The correspondence was given by Sadie Holmes. A card has been received from Gladys Muir at

Florida. The "Fun Day" will be April 24, the cost is \$6.00. Our club will have their 20th anniversary this year. A letter was received from the United Sr. Citizens concerning hearing aids. The Convention will be held Aug. 14-16 at Thunder Bay. A poem "I made the world better for what we have done today".

The program was conducted by Goldie Holmes. The members sang "Happy New Year to you". Alta Hagerman had a pie contest. Goldie read "King Brutes Spidery". Mary Taylor read "Betty and the Bear." "It was the night before Christmas" at Betty's and Hides when baby Megan was born. Vera Foster had a skit named "Junk". Jean Bailey was leader and Francis Taylor, Sadie Holmes and Roy Brickman took part. It was very humorous. Laura told a story. "A lady said when she was to the hospital they operated and took everything out but her bowels. The population at the North Pole is 1200 people."

The meeting closed with God Save the Queen.

Elzevir/Grimsthorpe council meeting

A regular meeting of the Elzevir and Grimsthorpe Township Council was held in the Council Chambers on Tuesday, January 3, 1989 at 7:00 p.m. Reeve, Jack Robinson, presided over the meeting with Deputy Reeve, D. Brough, and Councillors, G. Best, S. Roy and T. Stephens in attendance.

Correspondence from the Centre & South Hastings County Steering Comm. was presented, requesting Council to endorse a resolution. It was moved by S. Roy and seconded by D. Brough to endorse a resolution to approve in gener-

al with the basic principle of sharing the net operating costs and the net capital promotion and costs for the collection and processing of recyclable materials on the same ratio as the Waste Management Master Plan. Carried.

The Ministry of Transportation sent the 1988 Annual Returns for subsidy. It was moved by T. Stephens and seconded by G. Best to petition the Ministry of Transportation for the final 1988 road subsidy payment. Carried.

An application was received

from the Hastings County Land Division Committee for a severance - for Margaret Godwin. It was moved by G. Best and seconded by D. Brough to approve the land severance for M. Godin. Carried.

It was moved by S. Roy and seconded by G. Best to receive and file the correspondence. Carried.

Moses Duquette, Road

Superintendent, reported to Council on road conditions and road work done over the last month. Discussion took place of the five-year plan for road work and work planned for 1989.

It was moved by D. Brough and seconded by G. Best that the following accounts be paid:
Road Voucher No. 12A \$1,901.32, Road Voucher No. 12B - 2,465.95, Total - 4,367.27, Road Voucher No. 1A 12,543.25, Rec. Comm. Accounts 132.85, General Accounts Total 53,306.52.

Using the Classifieds
Is as Easy as...

Carried.
D. Brough adjourned the meeting, to meet next on Monday, January 16 or at the call of the Reeve.

\$125,000 damage caused in fire in Murray Twp.

Firefighters efforts last Tuesday night to save a large farm house, north of Stockdale

NOTICE

Saulnier, Gertrude May, peacefully at the Belleville General Hospital on Sat. Jan. 21, 1989 in her 82nd year. Gertrude May Richards-Madoc, formerly of Napanee, beloved wife of the late Sidney Fox, dear mother of Mrs. Everett Watson (Shirley) of Madoc and Gerald Fox, Regina. Sadly missed by six grandchildren. The family recieved friends at the Wartman funeral home, Napanee on Monday from 2-4pm & 7-9pm. A funeral service was held in the Chapel on Tuesday at 11:00 a.m. Internment Riverview Cemetery, Napanee. Friends desiring, may contribute to the charity of their choice.

were unsuccessful. The Concession Seven home, rented by James Kenny, received approximately \$125,000 in damage.

Murray Township Fire Chief Don Davy, said the fire was believed to have been caused by a wood furnace.

We received the call at 2:30pm and remained on the scene until midnight. Firefighters were called back to the scene the next morning.

Firefighters from both halls

used every piece of fire apparatus available to battle the fire which was fanned by winds at one point. Two firefighters fell through the floor but were uninjured, Chief Davy said.

The house is owned by Hugh Fox. Murray firefighters were assisted by Sidney Township west Division firefighters. The Trenton Fire Department filled air bottles for the firefighters.

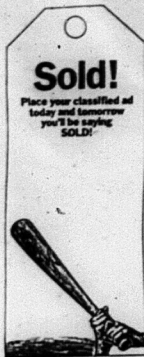

NOTICE TO CREDITORS IN THE ESTATE OF HAZEL MARY THOMPSON

All persons having claims against the estate of Hazel Mary Thompson late of the City of Belleville in the County of Hastings who died on Dec. 2, 1988 are required to file proof of same with the undersigned on or before Feb. 28, 1989 after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice and the undersigned will not be liable to any person of whose claim he shall not then have notice. Dated at Marmora, Ontario this 17th day of January, 1989.

Snowmobile accidents on the rise

The increasing popularity of snowmobiling — and accompanying accident statistics — means that it's important to establish safety guidelines for the sport, say the Ontario Provincial Police.

In Ontario there have been more than 100,000 snowmobiles registered in the period from 1984 to 1988. In that same span of time, police say, accidents have been on the rise.

Alcohol consumption appears to be the main factor contributing to mishaps on the trails. In 1987, police investigated 15 accidents in which 20

people were killed, and found that alcohol was a factor in about half of the cases.

Operating machines in unknown areas and inexperienced drivers also play a major role in accidents, say police. Therefore, it's necessary that snowmobilers research new areas before venturing into them.

Ice and snow conditions may not always be apparent, police warn; rocks or tree stumps can often be covered by snow. Researching areas and weather conditions in advance will also allow the snowmobiler to

avoid thin ice, another common cause of accidents.

As is also the case on highways, speeding causes snowmobile accidents. Unlike a car or truck, however, a snow machine offers little protection in the event of a sudden stop or collision, and the driver and passenger are often thrown from the vehicle. Snowmobilers should be sure to drive at a speed at which they can still maintain control of their vehicle, no matter what the weather conditions.

Using common sense

remains the best way of preventing snowmobile accidents. Letting someone know where you're going, when you will return, travelling with a buddy — these are basic safety rules that apply as much to snowmobiling as they do to any other sport.

This year will likely see more snowmobilers out on the fields and trails than any year before. If snowmobilers do their part to ensure they are following the basic safety rules, the sport will be more pleasurable for everyone, police say.

OBITUARY

Margaret Isobel Davidson
Margaret Isobel Davidson, Coe Hill, Ontario, passed away at North Hastings District Hospital in Bancroft, on Saturday, Dec. 24, 1988, after an illness of one week. She was 80 years of age.

Born in Flinton, Ontario, the daughter of Andrew and Isobel Wilson, she is survived by husband, Todd Davidson, and children, Winnie, Woodley, Brampton, and Dave Davidson. L. Amable, grandchildren, Denise, Diane, Shonette, and great-grandchildren, David and Michael. Her sister, Eva Davidson, Bannockburn, and brother, Jack Wilson, Bannockburn, also survive. Predeceased by sisters, Bess Tebworth, Belleville, and Annie May Shaw, Eldorado.

Margaret was a member of St. Michael's Anglican Church, Coe Hill, and was active in the St. Michael's Anglican Guild.

The funeral took place on December 27, 1988, at 11 a.m., from St. Michael's Anglican Church, Coe Hill, Ontario. Rev. Peter Smith officiating. Interment following in St. Michael's Anglican Cemetery.

Pallbearers were Mac Wilson, Reg Tiyy, Ray Ingram, Dan McCaw, Ross Greenly and Bill O'Brien.

OBITUARY

Herbert Thomas Clare
Herbert Thomas Clare, 177 Madawaska St., Madoc, and formerly of Belleville, passed away suddenly at Belleville General Hospital on Sunday, Dec. 11, 1988, at 77 years of age.

Born in Belleville, on January 12, 1911, he was the son of the late William and Annie Clare. His wife, the late Ivy Mary Mahon, predeceased him.

He is survived by son Paul Clare and his wife, Helen, of Belleville. Loving grandfather of April, Tracy and Greg; great grandfather of Dustin; and dear friend of Evelyn Rollins of Madoc. One brother, Floyd "Flip" Clare and his wife Joe of Belleville also survive. Predeceased by brothers, William and Bob and sister, Freda.

Retired from Black Diamond Cheese, Mr. Clare dedicated a lot of time driving for Children's Aid.

The funeral was held from the Belleville Funeral Home & Chapel, Wednesday, Dec. 14, 1988, at 11 a.m., Rev. Hugh Munro officiating. Interment Belleville Cemetery.

Pallbearers were Bill Clare, David Clare, Tracy Clare, Greg Clare, David Richards and David Boyce.

INTER- CLUB MEET

The Red Cross Homemakers service has withdrawn its threat to shut down because the provincial government guaranteed their deficit for 1989. But, the demand for increased wages for the Homemakers has not been met, and negotiations are continuing.

The Red Cross began the provision of services in the home in the 1920's. Later, in the 1960's, the Ontario government identified home health care as an essential component of the provincial health care system. However, it appears that this scenario is changing. Just two years ago, the Red Cross provided 75% of government purchased Homemaker services in Ontario. It now appears that it provides less than 50%.

On Monday Jan. 09/89, the O.A.V.H.S. (Ontario Association of Visiting Homemakers Services) hosted a rally at Queen's Park in support of the issue of government underfunding that is threatening the continuance of the not-for-profit Visiting Homemakers

More Able Than Disabled

by Barbara Pealow

Red Cross homemakers rally at Queen's Park

Programs throughout the province.

These groups are turning up in numbers to voice the interests and concerns of the one group that cannot appear - the elderly and disabled persons currently receiving this service.

There is presently a shortage of hospital beds, and long waiting lists for hospital care. It does not make any sense to place further demands on already over-burdened system.

Moreover, the senior and

disabled persons in this province have stated that they want to remain living independently in their communities. It is hoped that the rally will clearly deliver these messages to the decision-makers of government.

Between You And Me

When we need help at home in time of crisis, and when we need help with our problems, who shows up at our door like Mary Poppins or a Jack-of-all-trades? Yep, you guessed it, Red Cross Homemakers. Doesn't it give you a good warm feeling knowing that the Homemakers will be there when you come home from the hospital. They take the worries off your mind, the housework, the cooking takes a load off your shoulders. They are like a breath of fresh air, and a ray of sunshine in your home.

And when we feel down in the dumps, it's like having Dr. Joyce Brothers there. They listen to you, and make you feel good. They are your sounding boards, yet, they don't intrude, or invade your private lives.

How do I know this? I have one! And believe me - I don't know what I would have done without her these last few years. Homemakers have helped me to overcome more than one crisis that has popped up unexpectedly, over the years.

Take it from me, we all hope that the Red Cross Homemakers will be around for a long, long time. Let's make sure that they are!!!

THE MARCH OF DIMES CAMPAIGN

The residents of Campbellford, Hastings and Warkworth will receive in the mail this week, an appeal from the Ontario March of Dimes asking for your generous support of its various patient-service programs.

"We would like to help the March of Dimes develop abilities in disabled adults," Doreen Sharpe, the area Chairperson said in a press release. "Every community has physically disabled residents, and ours is no exception."

Assistive Services: Following a serious accident, or after an illness has struck, the Ontario March of Dimes can help, by providing money towards the purchase of such things as a wheelchair, a communication device or an orthopaedic brace. All such adaptive equipment maximizes the independence and mobility of many people with disabilities. More than 1,000 people in Ontario are helped by this program each year.

Community Services: Skilled staff organize group action, consult on issues, and initiate services for disabled adults in communities throughout the province. They assist in solutions in areas of housing, attendant care, human rights, transportation, barrier-free designs, and public awareness.

Camping Program: Each summer, the March of Dimes provides camping holidays for 300 physically disabled adults. Even the most severely disabled people have the opportunity to enjoy the outdoor recreation and pleasures of a summer holiday.

Vocational Rehabilitation: The Ontario March of Dimes operates 11 vocational rehabilitation centres throughout the province to provide work assessment, job training, and employment for disabled adults. Over 1,000 clients are served through this program each year.

Microcomputers: The computer age has brought great advances in the field of rehabilitation for disabled persons. Recently, 10 severely disabled adults graduated from a computer course, and all are employed.

Post Polio: People who had polio many years ago, may experience recurring symptoms as they grow older. The March of Dimes has recently set up a post-polio program to identify the medical and psychological needs of the post polios.

The March of Dimes publishes a bi-monthly newsletter to provide information

on legislation, social services, special activities and updates on the latest treatments and equipment available.

In 1988, many disabled adults in this area were interviewed by an Ontario March of Dimes representative. A lengthy questionnaire was filled out. The results will be published soon and will identify the need for the disabled in this community. Also, in the Spring of '88, a wheelchair clinic was sponsored at the senior citizens building. Wheelchair and scooter owners brought in their vehicles for a shine, a grease and a check-up. This will now be a yearly event. The Ontario March of Dimes has assisted clients in Campbellford with the purchase of equipment and home renovations to make their houses accessible and thereby improve their independence.

These are three examples locally, of the work of the March of Dimes. No, your money will not be swallowed by the Toronto administration. If you think the March of Dimes can help you, please call Doreen Sharpe at (705) 653-4066. And remember, when you receive your letter, please give as generously as you can.

Thank you.

HELPFUL HINTS

This week, the hint came from the notorious Warkworth Roadrunner.

If you are a great user of the large-size plastic garbage bags, use a clothes peg to keep it tightly closed. It is quicker than doing and undoing the bag with ties all the time. Be sure to use the tie before the final disposal.

P.S. Roadrunner - Don't let the coyote catch you!!!!

CHOW! See you next week.

REPRESENTING: THE HAMILTON TOWNSHIP FARMER'S MUTUAL FIRE INSURANCE COMPANY

PERSONALIZED SERVICE IN OUR OFFICE OR AT YOUR HOME

YOUR BUSINESS

One of the many challenges a start-up business faces is arranging its initial financing.

The traditional sources are personal savings, friends and relatives, a personal loan, using the assets of the fledgling business to secure a bank loan, professional investors and, finally, asking a government agency for a loan guarantee.

But initially you and your personal savings are the most likely source of funds. Other potential investors, whether they are your family, friends, venture capitalists or the government, usually want to test your level of commitment by seeing how much of your own money is at risk. Why should other people risk their money on your project if you're not risking your own savings?

While many people are fairly familiar with personal and business loans from a bank, a growing source of financing for small businesses are pools of investment capital known as venture capital funds. Some are small and informally organized pools of money administered by a retired business person. Others are huge, professionally administered pools of investment capital, running into the millions.

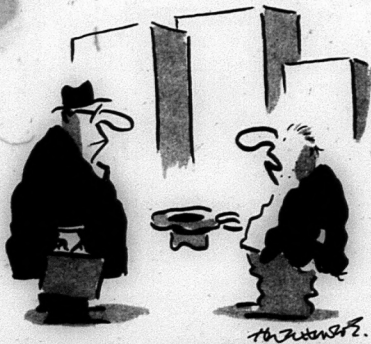

Venture capitalists usually like to take a big minority position in the business, often in the 20 to 40% range. They also like to have a seat on the board of directors so they can monitor their investment and

offer advice. Their goal is to realize superior returns by investing in a dozen or so businesses and hoping that one or two will do extremely well, and make up for the inevitable losses.

The Ontario Chamber of Commerce and the provincial government are involved in a matching agency aimed at introducing small businesses to potential investors. It is called "COIN", which stands for Canada Opportunities Investment Network, and can be accessed through any of the Ontario Chamber of Commerce's 160 branches. The most sought after type of investment opportunity is industrial manufacturing, followed by consumer goods and high-tech manufacturing.

While COIN tends to work best for companies with hard assets, there is a provincial government program called New Ventures, that is particularly appealing to service firms. This program provides loan guarantees to financial institutions that lend money to small businesses. The maximum amount for a loan is \$15,000 with a dollar-matching requirement by the entrepreneur. In Eastern and Northern Ontario, this requirement is reduced to half of the amount of the loan. Each New Ventures applicant must complete a comprehensive business plan, and agree to hire at least one full-time employee.

SOME CAPITAL IDEAS

"I've got a great idea for a new business scheme — I was wondering if you'd like to become a major shareholder."

Brookside girls reach final

Kingston - The Brookside IGA Pee Wee girls hockey team impressed a lot of people recently when they reached the finals of the 20-team Kingston girl's hockey tourney held January 14-15.

The Brookside squad, made of players from Norwood, Keene, Havelock, Hastings, Marmora, Bewdley, Grafton and Bowmanville faced Peterborough East City losing 4-1.

Tournament officials presented the Brookside girls with the Ontario Women's Hockey Association Sportsmanship Award after their tough championship loss to the East City team. Earlier in the tourney, Brookside defeated Belleville 4-2 and lost a 4-3 heartbreaker to Peterborough when they scored with two seconds left in the match.

Shanley White led the Brookside scorers in the tourney firing home four goals while Heather Richardson followed with two markers. Single goals went to Natasha Puffer and Tammy Cockerton. Richardson also had four assists while Cockerton, Julie Selby and Tara Smith had two each.

Marci Bowland chipped in with one assist.

Ontario trails council

The Ontario Trails Council (OTC) has been formed from representatives of the various and many trail user associations in Ontario. In November 1988, at Ballan-

trae, Ontario, executive representatives of 14 different trail user groups, representing approximately 50,000 members, plus government representatives and interested individuals, unanimously endorsed the proposed Constitution and Corporate Plan, thereby forming the Ontario Trails Council.

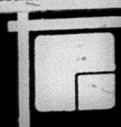

Mavis McCullum, Pro Tem Chairman of Stouffville, Ontario, was enthusiastic about the endorsement. "The formation of the Ontario Trails Council is an important step forward in securing a recreational trails system for all individuals and group associations in Ontario."

The Ontario Trails Council will be the singular voice for trail users in Ontario, including hikers, equestrians, cross country skiers, cyclists, physically-challenged persons, canoeists, etc.

"The over 1500 km. of abandoned railway corridors in the province present an unprecedented opportunity to establish an integrated multi-purpose trail network," said McCullum.

The first annual meeting of the Ontario Trails Council will be held on April 22, 1989, in Toronto.

For further information on the Ontario Trails Council, contact Mavis McCullum, Cherry Street, RR 3, Stouffville, Ontario L0H 1L0.

Resources report

There are several issues that the Conservation Office Coordinator from the Lindsay District would like to bring to the public's attention.

Ice Fishing: The 1989 resident sportfishing licence is now required when angling in Ontario. These licences may be purchased at many locations around the province, as well as from all district offices of the M.N.R. Anglers are reminded that they must have their licences with them when angling, and produce them when asked by a conservation officer.

Deer mortality by vehicles on the roads in Lindsay district reached an all time high. There were 250 big game, non-hunting mortalities reported in 1988. Of the 250 animals killed 249 were deer, one was a bear.

Motor vehicle collisions accounted for 219 animal deaths. The damage to vehicles averaged \$1,400 per deer/car accident. One known personal injury was recorded when the deer went through the front windshield of a van.

Other non-hunting deer mortalities were: caught in fences - 12, unknown causes - 6, dogs - 5, illegal kills - 5, drowned - 2, and one deer killed by an aircraft taking off.

Investigations of non-hunting big game mortalities reveals that only one out of three kills are reported. We therefore must assume that between 450 to 800 deer died in 1988.

These non-hunting mortalities are indicative of the deer population, showing a steady increase over the past five years.

The wedding of your dreams

First step to a lifetime together
Contemporary brides favor
mix
of traditional, modern
concepts

When it comes to her
wedding, the contemporary
bride often mixes traditional
and modern concepts that
influence not only the cere-
mony and her gown, but also
the wider arena of marriage
and her relationships.

Brides today are older than
they were, but that does not
rule out a large, traditional
ceremony and a long, white
gown. However, it is also chic
to be married in a tailored suit.

The key to a successful
wedding is deciding on one
with which the bride and
groom are comfortable. The
new trend in weddings for the
'80s must reflect the personali-
ty of the couple getting
married.

The most important factor in
'80s weddings is the freedom of
expression to create your own
unique ceremony and a recep-
tion that reflects your ideas.

Because today's bride is
older, she often has an educa-
tion and career experience
behind her. Her tastes are
more sophisticated and so are
her expectations of her rela-
tionship with her spouse.

A new balance

Not only does she value her
marriage, but also the career
that she has worked to obtain.
Chances are she will strive to
create a balance between the
time she allocates for her job.
Time management is impor-
tant to most young couples
making the transition between
single and married life.

Matrimony has experienced
a resurgence in the '80s, but it
incorporates a new breed of
togetherness. Women today
enjoy more career freedom
than their mothers, but also
have rediscovered traditional
ideas. Today's bride is likely to
advocate equality, dual
careers, and sharing the tasks
of parenthood but have more
traditional values as well.

With education and career
freedom comes the fact that
the bride of today has done
traveling outside her home-
town. She may have gone away
for college and then relocated
to a city with career opportuni-
ties. This means it is less likely
that the bride of the '80s will
marry her high school
sweetheart.

Therefore, chances are that
the bride and groom are from
different parts of the country.
This leads to innovative ideas
to get the friends and relatives
from both sides to mix and
mingle at different weekend
events such as barbecues,
picnics and cocktail parties.

Behind the trend

What this translates about
the new trend in weddings for
the '80s is that they are an
intimate interpretation of the
couple to be married, reflect-
ing their ideals, goals and
lifestyle.

Much of the previous criti-
cism of the institution of
marriage revolved around the
idea that, once you were
married, you had to disregard
the person you were before.
Most of today's couples have
more defined goals before
marriage, so they have a clear-
er sense of their own identity
and needs.

There is also a new trend
involving the groom. He is
more involved in the planning
of the wedding. With couples
striving toward equality, it is
only natural that the groom
become more of a participant
than a spectator.

The wedding day is acknowl-
edged as a day the couple can
share, rather than considered
to be a day reserved solely to
"give away" the bride.

Today's couple has a new
maturity and freedom
reflected by how they choose to
celebrate their marriage.
Wedding choices are varied
and numerous, ranging from
large, formal, traditional
weddings to an outdoor
wedding in the country with a
picnic reception.

All of this leads to the free-
dom of expression that charac-
terizes the marriage - as well
as the wedding - of the '80s and
makes them more enjoyable
experiences for all involved.

Pretty as a picture

Blush is the newest fashion color in today's bridal gowns. Also
available in traditional white, this full-length satiny gown with
sweetheart neckline and short, puffed sleeves is shown with a
mid-calf length bridesmaid dress. Sculpted ruffles embellish the
shoulders of both dresses and the bride's floor-sweeping train
and veiled headpiece.

Create Your Very Own Tradition

Traditions abound at
weddings, from the custom of
the bride and groom slicing the
first piece of wedding cake to
the tossing of the bridal
bouquet.

The wedding is also a time
for the bride and groom to
initiate some traditions of their
own. The bride has an oppor-
tunity to make a personal
statement when she selects the
flowers, the color of her atten-
dant's dresses and the wedding

cake. Another keepsake and
reminder of the wedding day is
a pair of leaded crystal toast-
ing glasses for the bride and
groom, etched with a bridal
couple, and tiny flowers and
ribbon accents.

A crystal wedding bell, a
handsome cake knife and
server set, a ring bearer's
pillows and personal access-
ories for the bride are also
lovely keepsakes.

Pearls Are A Bride's Best Friend

Ever since history's first bride said the first "I do", pearls have been a bride's best friend. Once considered mystical gems with the power to ensure long life and prosperity, today pearls are perhaps the perfect jewel to accompany a blushing bride down the aisle.

"A fine strand of pearls is probably the best single jewelry item a bride can wear," states Linda Weichenrieder of 'Modern Bride' magazine.

"Not only are pearls elegant, traditional and always in fashion, but they complement almost any bridal design as well. They seem to have the unique ability to pick up and enhance the glow of a woman on her wedding day."

Indeed pearls, which come in a variety of shapes from round to baroque, in colors from white to black, and in lengths from choker to opera, will surely flatter any woman and the gown she chooses to wear.

With the wide array of different bridal designs on the market today, all it takes is a little fashion savvy and good taste to select the perfect strand of pearls to suit a particular look.

For off-the-shoulder, scoop and boat necklines, shorter strands of pearls in single or multiple layers are the key. For high and 'V' neck styles,

long strands of pearls create a regal, yet demure feeling.

Just as a woman will consider the style of gown when selecting the right length of pearls for her, she should also take into account what color pearls go best with her skin and hair tones.

Experts say that creamy pearls with a golden overtone look best on women with dark skin and dark hair. Off white, cream colored pearls are perfect on women with olive and fair complexions and dark hair. And rose or slightly pink-hued pearls are smashing for those with fair complexions and blonde or red hair.

When shopping for pearls, keep in mind that lustre (the clarity of the reflecting surface of the pearl) and orient (the deep seated glow that seems to come from within the heart of the pearl) are two important factors that influence price.

While natural pearls are the most expensive, they are also very rare. Cultured pearls, which are also fine jewellery, are considerably less expensive.

The only difference between cultured and natural pearls is that man has given the oyster a helping hand by surgically inserting an irritant into the oyster rather than leaving it to nature. Imitations are by far

cheaper than cultured or natural pearls, in more ways than price alone, and are completely manmade.

According to Freddy Kohn, president of the Cultured Pearl Association, a marked increase in cultured pearl sales across the country over the past three years has been directly related to a growing appreciation for formal weddings.

"I think that in this day and age when things seem to be moving faster, growing larger

and selling 'harder' than most people care to admit, traditional concepts such as marriage and family life are looked upon as a basis for stability," he said.

"Brides are wearing cultured pearls as opposed to imitation pearls, not simply because of tradition, but because cultured pearls are gems that will hold their value over time. Cultured pearls are as real and warm as brides hope their wedding day will be."

T.L.C. For Treasured Wedding Presents

Wedding bells mean presents for the bride and groom. This is the time when expensive, heirloom-quality gifts are given, and collections are started that will be cherished for a lifetime.

A collection of silver is most often started by young families as gifts for the bride and groom. These gifts of silver are to be treasured not only as a remembrance of the friend who gives, but also as a treasure whose value increases.

New products are on the market to clean and protect your precious silver.

How it works

How do these "magic" cleaners work? Most kits come with a metal alloy plate which can be used over and over. Usually, some form of powder is used to activate this plate.

By placing the plate and powder in a pan of warm water, large amounts of tarnished silver and gold, most copper and brass kitchenware and most jewellery can be cleaned easily in seconds.

The tarnish disappears like magic, as the silver pieces come into contact with the metal plate. There's no need to keep silver wrapped and stored anymore, because cleaning is so safe and easy.

Romantic remembrances for anniversaries

Anniversaries are special occasions meant to be remembered in unique and different ways.

While some 173,500 anniversaries of all types are celebrated daily, it is the wedding anniversary that commands the most attention.

In addition to the 64-million wedding anniversaries celebrated annually, there are other pre-wedding anniversaries as well.

From the "first date" anniversary, popular with the

young and not-so-young romantics, to the engagement date anniversary, preliminary to the "I do", and the wedding anniversary, roses convey a meaningful sentiment appropriate to all special anniversary occasions.

Rated the number one "all occasion" anniversary gift item, red roses have always offered even the busiest individual the welcome advantage of versatility. Usually purchased in arrangements of one, three, five or seven, roses fit any budget.

Whether the choice was a single rose or a dozen, a typical

month in 1987 found 400,000 anniversary buyers, about 13,000 daily, purchasing a variety of rose gifts nationwide.

If you are celebrating a wedding anniversary this year, you should remember that a gift of roses is the perfect way to recapture the romance of young love, and allows you, the sender, to deliver an eloquent message suited to your partner's tastes.

In Victorian times, shy husbands used small rose bouquets, called "tussie-mussies" to communicate devotion, trust and love. A modern-day anniversary

"tussie-mussie" could contain a number of red roses representing the months or years a couple has spent sharing happy moments together - six roses for six years, 24 roses for 24 years, etc.

So, it's the anniversary of your first date. How about a gift of gourmet dining at an exclusive restaurant? Send your invitation attached to a rose bud base with a card describing the romantic evening you have planned.

If the gift you have selected for your special someone is unsuitable for wrapping - (how do you tie a bow on a vacation or a new car?) - here are two alternatives. Give the lucky recipient a dozen, half-dozen or even a single red rose, along with a card describing your "unwrappable" gift. Wrapping your gift card in an innocent looking box with a rose trim is another clever and intimate idea.

When selecting a rose arrangement for your anniversary, remember roses have a "language" of their own, and there are a number of vibrant colors suitable for every occasion. Use this guide to convey the appropriate message.

- The red rose symbolizes love, respect and courage.
- Pink roses carry the message, "you're gentle and graceful".
- Deep pink roses say "Thank you".
- Light pink roses convey admiration.
- Red and white roses tied together indicate unity.
- Yellow roses signify joy and gladness.
- A bouquet of roses in full bloom means gratitude.
- A single rose in full bloom means "I love you" or "I still love you".

Combining traditional values and innovative ideas can enhance the spirit of giving and create a much loved remembrance.

The look of love

Grand, glorious and traditional: It's those very special looks shared by the bride and her groom that make a wedding so memorable. Her gown is pure sentiment in taffeta with appliques of hand-beaded lace. His proud stance is heightened by the streamlined cutaway. Textured fabric in the coat and double breasted vest makes a dramatic fashion statement with distinctive striped trousers.

Survey charts "Top 10" bridal gifts

~If your recollections of getting married include memories of thoughtful, but

useless bridal shower and wedding gifts, take heart.

A recent survey commissioned by a leading manufacturer of kitchen and personal care products, sheds light on what Canadians consider perfect and perfectly awful wedding presents.

The 1,000 people surveyed identified the "Top 10" best wedding gifts, as well as the worst choices: knick-knacks, plaques and figurines.

With 66 per cent of the country choosing pots and pans and toasters as the best wedding presents, it appears that practical, rather than fanciful gifts are most appreciated.

The "Top 10" wedding gifts, according to the survey are: dishes (11.2%), linens/bedding (11.2%), pots, pans and toasters (tied at 7.7%), towels

Make-up in jewel tones perfect for brides

"Unlike their older sisters who were married in peasant dresses and no makeup, brides today tend to choose elegant gowns and all the trimmings," says Glenn Roberts, Creative Beauty Director for Elizabeth Arden.

"These formal fashions and the traditional pomp that accompanies them require thoughtfully planned makeup that is appropriate, contemporary and, most of all, very pretty."

This season's bride has a vast range of makeup shades to choose from, shades that are

truly contemporary and eminently compatible with bridal gowns - both the bride's and those of her attendants.

"Pinks, peaches, mauves and corals are the colors best for brides, and in them are shades that will work with any coloring outfit," says Glenn.

With pinks on the lips and cheeks, the eyes co-ordinate with shades of soft purples, Glenn suggests. With corals, the eyes will complement nicely in medium blues. Peach tones on lips and cheeks can be beautifully offset by eye shadows in soft greens and

peaches.

Mauves can be used to create a very contemporary "monochromatic" face - with all the features wearing different shades of the same color palette. Lips and cheeks in soft mauves co-ordinate with eyes shadowed and lined in deeper mauve shades.

With the overall feeling soft a bride should be sure to wear enough color and plenty of mascara to emphasize the eyes, in order to avoid looking washed-out in her white gown and veil.

"Also bear in mind that makeup tends to disappear in photographs, so experiment ahead of time with snapshots," Glenn says.

Planning ahead is sound advice for virtually every aspect of the bridal outfit, and it also extends to skin care and hands, Glenn points out.

"Proper skin care should begin on a regular basis well ahead of the wedding day. This means a daily regimen specifically for your skin type, which includes cleansing, toning and moisturizing.

Hands that cut the cake should be soft and beautifully manicured, so give them early attention too. Since beautiful nails don't happen overnight, weekly professional manicures (or thorough at-home versions) should begin at least a month before the wedding. And don't forget daily use of moisturizer or hand cream.

Finally, after the bridal wardrobe, hairstyle and makeup are decided upon, be sure to try them all together. If possible, do it in the place where the ceremony will be held, in the actual wedding lighting, and with the eye of a trusted friend looking on. Then make any necessary adjustments - a deeper shade of

lipstick, more definition on the eyes, etc.

"If you've done as much planning ahead and dress rehearsal as possible, wedding day preparation should be relatively fail-safe, and you will be a beautiful, confident bride," Glenn says.

Newlyweds are thanking their attendants with a gift of gold jewellery

Taking part in the approximately 2,500,000 weddings this year, will be a whopping 10,000,000 bridesmaids and ushers. For most, it's an experience that's an honor and usually a lot of fun, too.

To say a special "thanks", more newlyweds are presenting their bridal parties with something gold. Why? They know that karat gold is a token of enduring sentiment and quality. What's more, gold jewellery is available in a variety of styles to fit any budget.

When shopping, it's wise to choose a gift the bridal party can wear at the wedding. If the bridesmaids are wearing skin-baring necklines with a lingerie look, perhaps a gold chain necklace is "right". The usual herringbone chain is now updated by a feminine bow centerpiece.

For evening glamour

Also, there are dainty links, sometimes adorned with stations of hearts, bows or semi-precious stones. A new type of woven chain is diamond cut and sparkles, creating evening glamour.

If the wedding attire is ultra-formal and elbow length gloves are being worn, a beautiful gold bracelet is the perfect gift. Simple, yet elegant, a gold bangle is etched with flowers and can be engraved with initials or a message. Lacy link bracelets are often accented with one dangling charm - a reminder of the wedding day.

As many brides opt for an ensemble look - a short jacket over a halter type dress - gold pins can be an important addition. Many designs are new but look "antique" or have a geometric art deco flavor. Both decorate the shoulder or collar in tasteful fashion.

Consider individual preferences

Don't forget to consider individual personalities when shopping for gifts of gold. Ask yourself, "Does she have short hair and love earrings? Are rings her passion?" These items are also available in gold in a multitude of looks.

Feminine gold ruffles that softly contour the face or gold

beaded drop earrings will look great at the wedding and thereafter.

Stackable, thin gold rings can complement an already existing collection. In this case, look for bands accented with semi-precious stones or in varying colors of gold.

Gold is also suitable for the ushers. Consider a classic gold collar or tie bar if the wedding look is informal. To complement the ascot of a morning suit, a handsome gold tac in

ribbed or woven texture is appropriate.

To make the men in the wedding party look and feel "dressed", a pair of real gold cufflinks adds the finished touch. Traditional gold ovals or squares are often textured to look modern.

Involving the bridal party in the wedding festivities from start to finish is fun for everyone. What's more, a special "thank you" perpetuates the moment for a long, long time.

To say a special "Thanks" more newlyweds are presenting their bridal parties with a gift of gold. A token of enduring sentiment and quality, gold jewellery can be worn on the wedding day and thereafter. Shown here on the bride: 14K ruffle earrings; 14K faceted bead necklace; 14K wedding band. On the maid: 14K bow necklace, 14K link bracelet.

Survey charts "Top 10" bridal gifts

Cont'd from page 10-A

The survey also reveals that money doesn't play a pivotal role in rating best wedding gifts (coffee makers tied with bedroom sets in ninth place).

Over half (52%) gave their votes to kitchen gifts, followed by gifts for the bedroom and the living room.

As might be expected, many surprising and sometimes bizarre items were offered as appropriate wedding gifts, including pencil sharpeners, his/and her socks, ceramic ducks and metal scrub brushes.

(5.6%), silverware/cutlery (3.9%), television sets (3.5%), vacuum cleaners (3.1%), irons and washing machines/dryers (tied at 2.8%), coffee makers

and bedroom sets (tied at 2.5%), microwave ovens (2.3%).

Which RRSP is right for you?

What kind of Registered Retirement Savings Plan should you buy this year? The answer very much depends on what kind of RRSP you may already have, and the degree of investment risk you can live with comfortably.

The fact is, there is no single investment that is best for all times and economic conditions. That's why it is advisable to invest in several different RRSP's. Remember, you may own as many plans as you wish.

Here are some of the elements of investment balance and diversification you should consider for your RRSP:

1. Guaranteed assets. Every investor needs some guaranteed money; funds you can depend on receiving at some future date for a specific purpose such as retirement income. It is money invested for a set period of time with a fixed rate of return.

An ideal way to invest in this form of RRSP is to purchase a "registered" Guaranteed Investment Certificate.

Make sure that the financial institution which sells you a GIC, has registered it as an RRSP-qualified investment. Incidentally, by investing in several different GIC's, you can achieve balance through varying the maturity dates of the certificates - to allow for changes in interest rates over

the years.

2. Equity - based assets. Your RRSP investment strategy also should provide an opportunity to share in the growth of corporate profits. Stocks will reflect the increasing assets and profits of successful companies of all sizes in all major Canadian industries. A convenient way to hold stocks in your RRSP is through an RRSP - eligible mutual fund, or funds.

In that way, you will be spreading your investment dollars through several different types of companies and industries, thereby achieving greater safety through diversification. The safety factor is of major importance, particularly when you get close to retirement from the active workforce.

3. Interest - based assets. Your RRSP portfolio of holdings might also contain some interest-sensitive investments. These are investments that might fluctuate with changing interest rates over time. Some examples are mortgage or bond-based mutual funds.

By investing in different types of interest-sensitive financial products - ones that are affected by interest rates moving in opposite directions - you can achieve balance, no matter what the current interest rates are. Over the long term, this approach can be beneficial to you.

4. Real property assets. Some types of investments prosper primarily through inflation-driven price increases. A good example of this form of investment is real estate.

One convenient way to own real estate through your RRSP, is to buy shares of a mutual fund that invests in real property (land on which there are revenue-producing buildings). But make sure the fund has a widely dispersed and diversified portfolio of property holdings. The investments should be geographically dispersed, and not all of the same type. This way, you not only benefit from diversification, but you are free from the worries of hands-on management of the properties themselves.

The most significant part of planning your RRSP, is to determine your own personal "comfort zone". You have to be comfortable with your own investments, not worrying about them. However, it is equally important that you ensure your RRSP investments are in trustworthy hands and growing at a satisfactory rate.

It is advisable to deal with a professional financial planner, not just a counter clerk in some financial institution. You work hard for your savings and investment money. It should be handled with great care.

The puck stops here: The Norwood Home Hardware bantams edged Peterbor-

ough's Keith Brown Kings 2-1 in exhibition play Wednesday night at the Brethen Coliseum.

The game was a fast-skating, rugged affair that featured one bantam-style fight that sent

two players to the lockers early. Getting in a fight before a playoff game is not a wise thing to do.

Norwood Midgets claim tournament title

Wellington - The J.J. Stewart Midgets defeated Lakefield 4-1 to capture the championship trophy at a recent tourney in Wellington.

Todd Wood struck three times as Norwood opened the tourney with a 9-1 pounding of Tamworth. Also scoring more than once was Andrew Hamilton who chipped in two goals. He added an assist as well.

Recording single goals were Cal Clarke, Duane Gee, Jimmy Crawford and Chris Townshend. Adding assists were Derek Lynch, with three; Greg Snetsinger, Gee and Clarke had two apiece while Andrew Rork, Brent Irwin and Crawford had single helpers.

Paul Hiag was between the pipes for Norwood.

Wood earned game MVP honours.

Brent Irwin led Norwood with two goals in their 4-2 win over Campbellford. Chipping in one goal each were Scott Rogers and Brian Sinclair. Dave Crowley had two assists while Jimmy Crawford, Glenn Pearcy and Todd Wood added singles.

Dwayne Crawford was in net for the winners and Irwin claimed MVP honours.

Next, Norwood faced Lakefield and skated to a 4-1 victory.

Four Norwood players shared in the scoring during this match. Ed Walsh, Dave Crowley, Andrew Rork and Jimmy Crawford managed to fool the Lakefield goaltender. Dave Crowley also picked up an assist.

Paul Hiag was in net. Chris Townshend was the game's MVP.

Many thanks for the gifts of flowers, food and donations to the Canadian Cancer Foundation; our gratitude goes especially to our St. Lawrence St. West neighbors who have since, and always, been in our prayers.</p> <p>WE wish to thank relatives, friends and neighbors for the many acts of kindness shown to us at the time of our recent bereavement in the loss of a loving sister, Margaret Davidson, Eva Davidson and Jack Wilson.</p> <p>WE wish to thank the Norwood Fire Department for their prompt and considerate action avoiding more serious damage when we had the fire. We don't appreciate these fellows until something happens. Eddie, Carolyn & Jeff.</p>	<p>REID - Jeff & Cheryl announce with love and pride the safe arrival of their daughter, Katharine Lee Mary, 8 lbs., born January 6, at Peterborough Civic Hospital.</p>
